

## ACKNOWLEDGMENTS

---

I would like to express my gratitude to my guide **Prof. Apurva Shah**, Professor, CSE Department, Faculty of Technology & Engineering, and Director, Computer Centre, The Maharaja Sayajirao University of Baroda, Vadodara, for his continuous motivation, invaluable advice, and guidance. Since 2002 as my GURU in the bachelor degree program, I know him, and after 15 years again, I got the chance to work under his guidance. His wisdom, knowledge, and commitment to the highest standards inspired and motivated me a lot. He has been very generous in providing technical and financial help for carrying out my research. He is a gentleman who does all his duties with full devotion. I strongly believe that after pious deeds of many births, one can have such a kind-hearted doctoral advisor. I feel proud to have him as my Ph.D. guide.

I am thankful to my parents and parents-in-law; they have always been my motivation. I would like to give special thanks to my father; his life story has always been a motivating story for me. He has started his carrier as a pion in a bank and retired as an officer. The sentence said by someone, “*Live your life in such a way that you do not need to tell the story of other people to your children*”, perfectly matches with my father’s life. I owe a lot to my lovely wife (**Hetal**) and daughter (**Rajvi**) as I could not give enough time to them in this duration of doctoral studies. I would like to say thanks from the bottom of my heart to **Hetal**; without her generous sacrifices and selfless support, this work would not have been possible. I am so lucky to have **Rajvi** in my life. When she was born in this world, I got confirmation from my guide to start with my Ph.D. on the same day. She is a direct gift from Lord Shiva, and I will remain to thank full to GOD for my whole life.

I am also thankful to **Dr. Vishwas Raval**, Assistant Professor, CSE Department, Faculty of Technology & Engineering, The Maharaja Sayajirao University of Baroda, Vadodara, for all his support during my Ph. D.

I feel gratitude to **Dr. R. B. Jadeja**, Dean, Marwadi University, Rajkot, for providing any kind of help that I needed at any point in this duration and who has always stood by me. I would also like to thanks Marwadi University and Management for providing me with the study environment, resources and any help that I needed at any time. I also thank my colleague and friend **Dr. Nitul Dutta** who taught me many research paper writing skills. Furthermore, I am also thankful to **Dr. Deepak Mashru** for his timely support and guidance related to language enhancement. I am grateful to colleagues at CSE Department, Faculty of Technology & Engineering, The Maharaja Sayajirao University of Baroda, Vadodara and at Marwadi University, Rajkot, who has motivated and given all support for the completion of my work. Finally, I would like to thank **Dr. R. L. Jhala**, **Mr. Naresh Jadeja**, and **Dr. Y. P. Kosta** for always motivating me towards my Ph.D.

This work would not have been possible without the research works carried out by other researchers and authors, especially my guide **Prof. Apurva Shah**. I am thankful to all of them whose research work helped me to carry out this work.

Finally, I thank my other colleagues in the department whose support and guidance helped me move ahead. I am thankful to all my friends, well-wishers who directly or indirectly supported me throughout this period morally and financially too.
