

## ***ACKNOWLEDGMENT***

I would like to appreciate my deep indebtedness and render my sincerest thanks to my good-natured, endlessly supportive, and unpretentious supervisor, **Prof. N. L. Singh**, for his ample and irreplaceable contributions and instructions throughout all the stages of this thesis research work. Your encouragement and a very high degree of independence given to me in the course of this doctorate research work are decidedly appreciated. Sir, I embrace your observations, reassuring, and encouraging words close to me.

I am thankful to Head, **Prof. S. K. Mukharjee**, Department of Physics, Faculty of Science, The Maharaja Sayajirao University of Baroda, Vadodara, for his kind help and suggestions during my Ph.D. work. My sincere gratitude and thanks to **Prof. Haribhai Kataria**, Dean, Faculty of Science, The Maharaja Sayajirao University of Baroda for all the valuable support.

I am very much thankful to **Prof. A. C. Pandey**, Director-Inter University Accelerator Centre, New Delhi and **Dr. D. Kanjilal**, former director of IUAC, and **Dr. S. Chopra**, for being very helpful and kind towards students. I would also like to outspread my warm gratitude to **Dr. P. K. Kulriya** and **Dr. Fouran Singh** for fruitful discussion during synthesis and ion irradiation work. The guidance received from them in improving my ion irradiation experiments and manuscripts is very much acknowledged and is invaluable.

I would also like to acknowledge Mr. Kedar Mal, Mr. Birendra Singh, Dr. K. Asokan, Mr. Sunil Ujha, Mr. Rajan Joshi. I very much appreciate the efforts of Dr. Namita Yadav and Dr. C. L. Dube for the very first discussion at the beginning of my Ph.D. work. I am also thankful to lab mates and colleagues Ms. Shilpa Bhavsar, Mr. Ratan Kumar, Ms. Chhavi Joshi, Mr. Rakesh Kumar Chauhan, Mr. Gnansagar Patel, Mr. Mayur Mehta, and Ms. Deepa Singh for creating a friendly environment in the Lab. I gratefully acknowledge the teaching staff and non-teaching staff of the department of Physics for providing a very positive environment throughout the journey of my thesis work. I feel very lucky to be in the Department of Physics as a research scholar because of the friendly environment.

I am extremely grateful to the Council of Scientific and Industrial Research (Govt. of India), Delhi for the SRF-Direct fellowship. I also wish to thank the Inter-University Accelerator Center, New Delhi for financial support and irradiation facility for my research work.

I am also very thankful to all Pelletron –Operators for providing a smooth beam during our experiments.

I am deeply indebted to my husband, Dr. Yogendra Kumar, for his continuous and unconditional support and empathy, but also more tangible things like giving valuable suggestions and comments on initial versions of the thesis, assisting with figures and diagrams, and the final manuscript writing.

My parents have the greatest indirect contribution to this thesis work by providing continuous encouragement, mental and financial support. I want to thank my parents (Mr. Suraj Pal and Mrs. Manveeri Devi), My uncle Mr. Lal Singh Verma and Aunty Mrs. Jaibiri Devi, and my siblings Ms. Nisha and Mr. Harsh, Mrs. Neelam Verma, Mr. Amit Kumar and Mr. Mohit Kumar for their constant encouragement. I would also like to extend my thanks to my father-in-law, and Mother-in-law for their support.

**Asha**
