List of Plates	x
List of Tables	xii

CHAPTER-1: INTRODUCTION

1.1- Animal-sediment relationships	1
1.2- Aim of this study	1
1.3- The region of Kachchh	2
1.3.1- communication	3
1.3.2- Climate	3
1.3.3- Geology	4
1.3.4- The Gulf of Kachchh	7
1.4 Study area	9
1.4.1- Location	9
1.4.2-Site Description	9
1.4.2.1- Wind Farm Site	9
1.4.2.2- Rawal Pir Site	10
1.4.2.3- Modwa Spit site	10
1.5 Previous work	11

CHAPTER-2: TECHNIQUES

2.1 Introduction	13
2.2 Grain size analysis	13
2.3 Relief Peels	14
2.4 Coring	14
2.4.1 PVC tube cores	15
2.4.2 Box cores	15
2.4.3 Plate cores	16
2.4.4 Other cores	16
2.5 X-ray radiography	17
2.6 Burrow cast	17
2.7 Collecting animals	17
2.8 Preserving animals	18
2.8.1 Polychaetes	18
2.8.2 Crustaceans	18
2.9 Physico-chemical analysis of the water and substrate	19
2.9.1 Temperature	19
2.9.2 Dissolved Oxygen	19
2.10 Photographic Documentation	20

CHAPTER-3: GEOMORPHOLOGY

3.1 Kachchh coastal plains	21
3.1.1 Cuspate foreland	22
3.1.2 Beach	23
3.1.3 Ridge-Runnel System	23
3.1.4 Flat intertidal	25
3.1.5 Shore Platforms	25
3.1.6 Spits	26
3.1.7 Berms	27
3.1.8 Intertidal Lagoons	27
3.1.9 Raised beaches	27
3.1.10 Dunes	29
3.2 Tectonic geomorphology	29
3.2.1 Holocene Tectonics	29
3.2.2 Coastal Upliftment	32
3.3 Ichnologic applications in Tectonics	34

CHAPTER-4 SEDIMENTOLGY

4.1 Introduction	37
4.2 Grain size variation	38
4.3 Sediment trigons	40
4.4 Primary sedimentary structures	42
4.4.1 Plane bed laminations	42
4.4.2 Hummocky and Swaley cross stratification	45
4.4.3 3-D subaqueous dunes	47
4.4.4 Nascent Dunes	49
4.4.5 Anti dunes	50
4.4.6 Ripple marks	50
4.4.7 Rill marks	51
4.4.8 Air trap structures	52
4.4.8.1 Sand domes	52
4.4.8.2 Mound and Pits	55
4.4.8.3 Sand Holes	55
4.4.8.4 Bubble sand/ cavernous sands	55
4.4.9 Dune cross stratification	57
4.4.10 Soft sediment deformation structures	57
4.5 Intertidal facies	60
4.5.1 Beach sub facies	62
4.5.2 Ridge sub facies	63
4.5.3 Runnel sub facies	64
4.5.4 Supratidal sub facies	65
4.5.5 Lagoonal facies	67
4.6 Substrate Consistency	67
4.6.1 Soup ground substrate and feeding types	69
4.6.2 Soft ground substrate and feeding types	69
4.6.3 Firm ground substrate and feeding types	70
4.6.4 Hard ground substrate and feeding types	70

CHAPTER-5 TAXONOMY AND TROPHIC GROUP ANALYSIS

5.1 Crustaceans	71
5.2 Taxonomy	72
5.3 Polychaetes	79
5.4 Taxonomy	80
5.5 Trophic group analysis	87
5.5.1 Functional morphology	89
5.5.2 Feeding guilds	92
5.5.3 Location of food resources	94
5.5.4 Trophic categories	95
5.5.4.1 Deposit feeders	95
5.5.4.2 Interface feeders	96
5.5.4.3 Surface deposit feeders	97
5.5.4.4 Shallow tier deposit feeders	97
5.5.4.5 Middle tier deposit feeders	97
5.5.4.6 Deep tier deposit feeders	98
5.5.4.7 Suspension feeders	98

CHAPTER-6 NEOICHOLOGY

6.1 Introduction	99
6.2 Recent biogenic sedimentary structures	99
6.3 Problems with recent Neoichnological taxonomy	101
6.4 Crustacean activity	103
6.4.1 Pellet making activity	103
6.4.2 Burrowing activity	108
6.4.2.1 Burrows of <i>Ocypode</i>	110
6.4.2.2 Burrows of <i>Oratosquilla</i>	119
6.4.2.3 Trauma behavior	121
6.4.3 Crawling traces (Repichnia)	121
6.5 Polychaete traces	122
6.5.1 Burrowing activity	124
6.5.1.1 Dichotomously branched forms	124
6.5.1.2 Fecal strings/mounds	125
6.5.1.3 U-shaped forms	129
6.5.1.4 Agglutinated tube	132
6.5.1.5 Group funnel burrows	134
6.5.1.6 Y/I shaped burrows	134
6.5.1.7 Calcitic tubes	137
6.5.1.8 Polychaete sand reef	139
6.6 Nemertea	139
6.7 Gastropod <i>Archeotectonica laevigata</i>	141

CHAPTER-7 PALEOICHOLOGY	
7.1 Introduction	145
7.2 Systematic ichnology	145
7.2.1 Burrows structures	146
7.2.1.1 Simple structures	146
7.2.1.1.1 Vertical forms	146
7.2.1.2 Branched structures	150
7.2.1.2.1 Small Y and T shaped branching groups	150
7.2.1.2.2 <i>Ophiomorpha</i> Group	151
7.3 Borings	156
7.3.1 Lithoforida	157
7.3.2 Conchoforoidea	159
 CHAPTER-8 ICHNOCOENOSSES	
8.1 Introduction	164
8.2 Present day ichnocoenoses	166
8.2.1 <i>Faecichnia</i> ichnocoenosis	166
8.2.2 <i>Entobia-Meandropolydora</i> ichnocoenosis	167
8.2.3 <i>Chondrite</i> ichnocoenosis	168
8.2.4 <i>Skolithos</i> Ichnocoenosis	169
8.2.5 <i>Psilonichnus</i> ichnocoenosis	172
8.2.6 <i>Ophiomorpha</i> ichnocoenosis	173
8.2.7 <i>Balanoglossites</i> ichnocoenosis	175
8.3 Raised beach and Tidal flat ichnocoenosis	177
8.3.1 <i>Glossifungites</i> ichnocoenosis	177
8.3.2 <i>Skolithos</i> ichnocoenosis	180
8.3.3 <i>Ophiomorpha</i> ichnocoenosis	180
 CHAPTER-9 ICHNO-SEDIMENTOLOGIC MODEL	
9.1 Introduction	182
9.2 Beach environment and Biogenic structures	186
9.3 Ridge environment and Biogenic structures	190
9.4 Runnel environment and Biogenic structures	194
9.5 Lagoon environment and Biogenic structures	198
9.6 Supratidal environment and Biogenic structures	199
9.7 Shore platform and Biogenic structures	200
 CONCLUSION	201
 REFERENCE	205
