

ACKNOWLEDGEMENTS

The author is grateful to **Prof. S.J.Desai** for his patience and invaluable guidance; **Prof. M.P.Patel**, Head, Geology Dept., M.S.University, for extending necessary facilities and valuable suggestions; **Dr. M.A.Limaye** for his constant company at field and University; **Prof. S.S.Merh**, who along with Dr. Sychanthavong, first attempted the application of Plate Tectonics Theory to Precambrians of Western India, for valuable discussions, which helped me evolve new concepts.

Thanks are due :

To Prof. N.D.Desai, for valuable suggestions.

To Drs. P.P.Patel, S.Ganapathi, R.V.Karant, K.C.Tiwari and L.S.Chamyal for fruitful discussions. To Drs. A.V.Joshi, B.Deota, D.A.Sant, N.P.Bhat, N.Sharma, S.Patel, Ramakrishnan, V.Sridhar, A.Dholakia and Dr. P.Mazumdar and all the members of Geology Department, M.S.University for whole hearted cooperation.

To Prof. K.C.Gyani and Prof. P.S.Ranawat, Geology Dept., M.L.Sukhadia University, Udaipur, for extending necessary facilities for specialised studies.

To Dr. Manickavasagam and Dr. Tamal Ghosh, of USIC, Roorkee for help in Electron Probe Micro Analyses; To Dr. V.Balaram, and Dr. P.K.Govil, NGRI, Hyderabad for trace and REE analysis and XRF; To Mr. Subhash Bhandari and Mr. Jayant Bhagwati for the for the AAS data.

To Dr. M.Ramakrishnan, Sr. Dy. Director General, GSI for valuable suggestions.

To Mr. S.K.Bandyopadhyay, Dy. Director General (Retd.), GSI, WRO and Late Dr. N.A.Rao, Director, GSI, Op. Gujarat, for permission and constant encouragement to carry out this research. To Mr. S.S.Kanwar, Dy. Director General and Mr. P.K.Yadav, Director, GSI, Gandhinagar for valuable suggestions. To Mr. P.D.Pareek, Librarian, GSI, for digging out a lot of literature. To Mr. Mansukhlal for help in preparation of thin sections for various studies.

To Mr. Sanjay Patel, Dr. Nishit Bhat and Prof. Prashant Acharya for word processing the thesis.

To my brother Mr. C.N.Rao, Technical Director, National Informatics Centre, and Mrs. Hema Rao for making available their personal computer facility. To Miss C.Savitri, my sister, for typing the manuscript of the thesis.

To Dr. C.C.Chary, my father for constant pursuance, encouragement.

I am grateful to Dr. Z.G.Ghevariya, for introducing me to Prof. S.J.Desai, but for which I would have missed an excellent guidance on a challenging topic. He has always been stimulating me to carry out research work.
