

ACKNOWLEDGEMENTS

I am extremely thankful to Prof. Jyotiranjana S Ray. He made me a better student, trained me to be meticulous and challenged me to maintain high standards. Prof. L S Chamyal always welcomed me with a smile at the department and got me through the lengthy technical procedures of MSU on time. Dr Deshpande has always supported me as a member of my Doctoral Studies Committee. I am grateful to Drs. Sanjeev Kumar, Vinai K Rai, and Amit Basu Sarbadhikari for kindly letting me use their laboratory facilities. I thank Drs. S K Singh, A D Shukla, M G Yadava, Ravi Bhushan, Neeraj Rastogi, R Rengarajan, A K Sudheer, and Arvind Singh for their encouragement at various points of time during these five years. As a person with myriad academic interests, PRL coursework gave me an opportunity to explore subjects beyond geology. I thank Director, PRL and the Academic Committee for that. Drs. Bhas Bapat, Neeraj Rastogi, Lokesh Sahu, Dibyendu Chakrabarty, R D Deshpande, and J Banerjee made learning enjoyable. I am grateful to Dr Mukund Sharma of BSIP for introducing me to the Marwar basin during a field workshop organized by him.

My fellow Jade Palace buddies Anirban Chatterjee and Ikshu Gautam taught me how to handle clean chemistry experiments. They were magnanimous enough to let go of my occasional tantrums. Shraddha educated me on the intricacies of stable isotope measurements. I had a great time with Neeraj, Shreema, Souvik, and Jitendra. Harsh had always tried to lighten the mood on turbulent days with his wits. The company of Midhun, Lekshmy, Bhavya, Rupa, Niharika, Kiran, Manab, Abdur, Deepika, Subha, Damu, Upasana, Venky, Chandana, Harsh, Anil, Satish, Naman, Amrendra, Ananta, Abhishek, Navpreet, Ali, Jabir, Subir, Richa, Arvind, Balbeer, Rukmani, Archita, Aarthy, Ashish, Varun, Priyank, Harish, Sandeep, Akanksha, Kaustav, Nidhi, Shefali, Ayan, Prahlad, Bhavesh, Bharti, Kumar, Rahul, Surendra, Manu, Avdes, Gaurav, Girish, Tanmoy, Arko, Naveen, Monojit, Arun, Gaurava, Chithrabhanu, Swapna, Nijil, Soumik, Chandan, Vishnu, Pradeep, Aman, Lakshmi, Abhay, Nirmal, Amitava, Kuldeep, Apurv, Ashim, Lalit, Dipti, Deepak, Pankaj, Newton, Jinia, and Rahul had kept me in good spirits.

The technical support provided by Sangeeta-di, Manan, and Lakhanbhai is gratefully acknowledged. My sincere gratitude to Harish-ji and Vaghela-ji. I thank PRL administration and services for processing many of my last minute requests as quickly as possible. I am extremely grateful to Balaji, Prabhu and everyone else at the Geology Dept. of MSU.
