

ACKNOWLEDGEMENT

I author would like to express deep sense of gratefulness to my esteemed guide and mentor Prof. K. C. Tiwari, for his valuable guidance from the initial to the final stage of this work. His compassionate guidance, continuous support and most sympathetic guidance, regular supervision and invaluable advices have been a continuous source of inspiration to complete this work. He has truly made my research experience fruitful and memorable.

I am grateful to Prof. L.S.Chamyal, Head, Department of Geology, for permitting me to use all the facilities required to for this work. I would also like thank Dr. D. Ramakrishanan who, has helped me to learn necessary softwares in Remote Sensing and GIS which served as a basis for my thesis. And also to permit me for carrying out my PhD course work in IIT-B.

I am also thankful to Prof. B.V.kamath and Dr. K. Gopalakrishnan for their timely motivations which have also contributed to the successful completion of this work.I would also like to extend my appreciations to Prof. S. Ganapathi ,Prof. A. V. Joshi, Prof. N.Sharma and Dr. Sanjiv Vaid for their encouragement throughout my research period.

I am grateful to Prof. Arun Arya, I/c Head, Dept. of Environmental Studies for allowing me to use the laboratory facilities for my sample analysis.

I wish to extend my thanks to Mr. Hemang Shukla and Mr. Vijay Yadav, Geologists,GIPCL, Nani Naroli for their kind support to arrange for lodging and boarding at the guest house of GIPCL, without which the field visits would not have been that convenient and safe.

I am thankful to all the below listed officers and their respective departments, who have extended their kindness for acquiring the secondary data relevant to my work without which these results were not possible:

1. Mr. J.R.patel and Mr. A.G.Shah, State Water Data Centre for providing meteorological and River Discharge Data

2. Mr. A.B.patel and K.S.Shah Engineer, Vadodara Irrigation Dept. for procuring The Pingut and Baldeva Dam details and data.
3. Mrs. Akriti Vashi, Supredendent Engineer., KRBC Division Surat for providing Index maps and Canal data of URBC and KRBC.
4. Mr. R.H.Vin, Vadodara Irrigation Circle, Rajpardi, for his extenden help in acquiring Kim River Gauging data.
5. Mr. N. Shiekh, Soil Survey Division, Surat Irrigation Circle for providing long term groundwater level data in the KRBC and URBC command area.
6. Mr. Sanjiv Vaijanapurkar, DEE, GPCB Surat and Mr, Neeraj Shah, DEE, GPCB, Bharuch for making available the industrial data.
7. Dr. Harish Suthar, Asst. Prof Navsari Agricultural University, for helping with the agricultural data.

I appreciate the help extended to me by all my students for field work, data procuring and laboratory analysis. I am also thankful to the non-teaching staff of geology as well as Environmental Studies Department for their co-operation during the various stages of the work.

The co-operation, timely help and support by my Colleagues and Juniors Manthan & Mrs Khushali Tailor, Arti Singh , Sezina bhimani and other fellow colleagues is highly valued and cherished.

I also wish to thank Mrs. Gayatri Tiwari, for her continuous motherly affection and encouragement.

I am also whole heartedly thankful to my parents whose love, sacrifice, support and faith in me have strengthened me all over the research period. I earnestly thank my husband for his endless moral support and constant words of inspiration as a co-research fellow have proved to be of great help in completion of my thesis. I also wish to thank my family members and friends for their continuous encouragement and moral support.

Lastly I am grateful to all those who have helped me during this work, whom I might have missed mistakably.
