

## ACKNOWLEDGEMENTS

Though these words are inadequate to express my indebtedness to Dr. R.V. Shah, Professor and Head, Department of Zoology, The M. S. University of Baroda, Baroda, it gives me great pleasure to record my deep sense of gratitude to him for suggesting the problem, for extending valuable guidance and for inspiring encouragement during the whole tenure of the present work.

I am sincerely thankful to Dr. A.V. Ramachandran for his constructive help which has contributed greatly towards the successful completion of the present study.

I wish to express my indebtedness to the University Grants Commission, New Delhi for the award of the Junior Research Fellowship during the tenure of which most of this work was carried out. A part of the studies was financed by the research grants given to Dr. A.V. Ramachandran by the M.S. University of Baroda, Baroda.

Finally, it is my pleasure to thank all my colleagues in the department for their assistance rendered to me in preparation of the thesis.
