

LIST OF PLATES

Plate No.	Description	Page No.
1.1 (A to J)	Various Activities / Anthropogenic Pressures in and Around Thol Wetland	6-9
1.2 (A to H)	Review of Preliminary Survey of Thol wetland and deciding Sampling Locations	12
3.1	Some of the Birds Observed at Thol Wetland during the Study Period	32-35
3.2	Some of the Other Animals Observed at Thol Wetland during Study Period	36
3.3 (A to F)	Visual Appearance of Location 1 in Different Seasons	41
3.4 (A to F)	Visual Appearance of Location 2 in Different Seasons	42
3.5 (A to F)	Visual Appearance of Location 3 in Different Seasons	43
4.1	Preparation of General Requiriemnts for Sampling and Field Work	44
4.2 (A to B)	Sampling Kit and Moving Towards Thol for Field Work on Bike	44
4.3	Benthic Macroinvertebrate Sampling and Indicative Site Conditions	54
4.4	Biological Assessment of Benthic Macroinvertebrates in Laboratory	54
4.5	Implanting In-situ Experimental Setup (Floating Platform) for Primary Productivity	58
4.6	Bottom Sediment Sampling and Indicative Site Conditions	60
5.1 (A to C)	A. Profulus Growth of Nelumbo lucifera (kamal kakadi) B. Dried and Dead Nelumbo lucifera during Extreme Summer C. Nelumbo lucifera in Surrounding Waters at Location 1	94
5.2 (A to M)	Some of the Benthic Macroinvertebrates found during the Study Period	98 - 99
