

## List of Tables

Table No.	Title	Page No.
I	Pyrazosulfuron-Ethyl (PE) compound details	12
1.1	The relation between concentration of PE and mortality rate of <i>O. mossambicus</i>	24
1.2	LC50 values (mg/L) with their fiducial limits used in acute toxicity tests and for <i>O. mossambicus</i>	24
1.3	Behavioural response of <i>O. mossambicus</i> in different concentration of PE up to 96 h.	26
1.4	Haematological Parameter, Blood Glucose and Total Protein in <i>O. mossambicus</i> affected by acute exposure of PE:	27
2.1	Changes in Haematological parameters during exposure and recovery treatment in <i>O. mossambicus</i> as a function of sublethal levels of PE	57
2.2	Changes in Biochemical parameters during exposure and recovery treatment in <i>O. mossambicus</i> as a function of sublethal levels of PE	59
3.1	Condition factor, HSI, SSI and GSI of <i>O. mossambicus</i> subjected to sub-acute concentrations of PE.	84
3.2	Bonferroni comparisons for HSI, SSI of <i>O. mossambicus</i> subjected to sub-acute concentrations of PE.	85
3.3	Bonferroni comparisons for Male GSI and Female GSI of <i>O. mossambicus</i> subjected to sub-acute concentrations of PE.	85
4.1	Summary of the reaction index (Iorg rp), Organ index (I org), Total reaction index (I rp) and the total index (Tot-I) of the selected organ as calculated for the groups 1/20 <sup>th</sup> LC <sub>50</sub> , 1/10 <sup>th</sup> LC <sub>50</sub> and 1/5 <sup>th</sup> LC <sub>50</sub> for the 7 <sup>th</sup> days exposure of PE. (CD-circulatory disturbance, RC-regressive changes, PC-progressive changes, I- Inflammation)	110
4.2	Summary of the reaction index (Iorg rp), Organ index (I org), Total reaction index (I rp) and the total index (Tot-I) of the selected organ as calculated for the groups 1/20 <sup>th</sup> LC <sub>50</sub> , 1/10 <sup>th</sup> LC <sub>50</sub> and 1/5 <sup>th</sup> LC <sub>50</sub> for the 14 <sup>th</sup> days exposure of PE. (CD-circulatory disturbance, RC-regressive changes, PC-progressive changes, I- Inflammation)	110
4.3	Gill tissue Histological assessment sheet of <i>O. mossambicus</i> on exposure of PE 7 <sup>th</sup> day	111
4.4	Gill tissue Histological assessment sheet of <i>O. mossambicus</i> on exposure of PE 14 <sup>th</sup> day	112
4.5	Liver tissue Histological assessment sheet of <i>O. mossambicus</i> on exposure of PE 7 <sup>th</sup> day	113
4.6	Liver tissue Histological assessment sheet of <i>O. mossambicus</i> on exposure of PE 14 <sup>th</sup> day	115
4.7	Kidney tissue Histological assessment sheet of <i>O. mossambicus</i> on exposure of PE 7 <sup>th</sup> day	117
4.8	Kidney tissue Histological assessment sheet of <i>O. mossambicus</i> on exposure of PE 14 <sup>th</sup> day	119
5.1	Frequency of Micronuclei and nuclear abnormalities counted in the species <i>O. mossambicus</i> exposed to PE at 7 <sup>th</sup> days	145
5.2	Frequency of Micronuclei and nuclear abnormalities counted in the species <i>O. mossambicus</i> exposed to PE at 14 <sup>th</sup> days	145
