

ACKNOWLEDGEMENT

The completion of this thesis would not have been possible without the help of many people who supported me throughout this journey. I take this opportunity to thank them for their contribution. I owe my gratitude to all those people who have made this PhD successful. First and foremost of all, I am thankful to my guide ***Prof. Pragna H. Parikh***. Her faith and continuous showering of encouragement has been a promoter in every leap I made for this thesis. My words and thoughts fall short whenever I try to describe those always astonishing ideas and discussion she offered during tenure of my Ph.D. I bow down to the almighty for giving me such a great guide. I am unexpressive, when it comes to penning down my gratitude towards her. She is a mentor full of principles and disciplines on one hand and a motherly figure on other side. During this tenure of 6 years, I never felt as a student, instead like her real son because of her extreme caring nature. She has inspired me by her courage and dedication in every situations of life. Her suggestions and experience has guided me to focus on work and on my career goals. I bow down to her, whatever she has taught me in the journey of my PhD and life. I also take the opportunity to express my gratitude to her family, ***Mr. Hitesh Parikh, Mr. Yashesh Parikh*** and ***Mrs. Vaidehi Parikh*** as we stole lot of their family time in completion of this thesis.

The work was not possible without the facilities provided by the Department. I would like to thank Prof. P. C. Mankodi, Head, Department of Zoology for providing me the facilities required for my work. A huge round of appreciation to ***Prof. Dolly Kumar*** for her sweet gesture and enthusiastic words. My deepest thanks to ***Prof. B. Suresh*** who has ignited my thought process and gave practical valuable suggestion during the thesis tenure. He also supported me whenever I was in need of help and helped me every time I went for suggestions to him.

I would be doing injustice to myself, if I forget to convey my gratitude my senior, ***Dr. Mohammedayaz Rangrez***, who is like my elder brother for helping in critical evaluation of my thesis, ***Dr. Bhavika Patel*** for guiding me in doing my work and ***Dr. Shalaka Gaekwad*** for helping me in practical work of thesis and constant support throughout my work. I am highly grateful to ***Dr. Parth Pandya***, my best friend, my brother who was always standing as my backbone in ups and downs of my life. He also helped a lot in analysing and interpreting my data. His constant appreciation promoted my level of confidence to pursue my work. I owe a big thank to ***Bhumi Thakkar*** for her immense help in the compilation of this thesis. This thesis would not have been possible without her selfless efforts in the editing and reviewing of the thesis. I also extend my thanks to Ms. Ankita Salunke, Linta sister and Prerna for their help in the final compilation of the thesis. I am also thankful to ***Mr. Jay Trivedi***, for helping me in carrying out FACs analysis and its data interpretation.

I would be failing in my duties if I forget to thank ***Ms. Monali Shah, Dr. Javal Bhatt, Dr. Ekhalak Ansari, Ms. Hinal Kharva, Mr Tanay Bhatt, Mrs Nikita Jaiswal, Mrs. Riddhi Thakkar, Mr. Hitarth Changani*** for constantly giving support to me in life and Ph.D. thesis.

Last but not the least I am extremely thankful to my Mother and Father, my sisters Divya, Dhara and other family members without whom I could not have achieved any of my life goals. They are truly adorable to me and who believed in me in each and every moment of my hard work and challenges.
