*Though only my name appears on the cover of this thesis, many great people have contributed to its production. This work would not have been possible without the guidance and the help of several individuals who in one or another way contributed and extended their valuable assistance in the preparation and completion of this study. I owe my gratitude to all those people who have made this PhD. Thesis possible and because of whom my experience has been one that I will cherish forever. “Time passes like a flow of water” the phrase completely sets as the devotion was set to complete the doctorate thesis under the supervision of **Prof. Pragna Parikh**. I bow down to the **almighty** for giving me such a good guide. I am unexpressive, when it comes to express my gratitude towards her. She is a mentor with full of Principles on one hand and a motherly figure on other side. I never ever felt as I was her student, instead I felt I was her real son because of her extreme caring nature. She has immensely supported me during my PhD tenure and has encouraged me in developing my teaching skills. She has inspired me by her courage and conviction in every situations of life. Her suggestions and experience has guided me to focus on work and on my career goals. I bow down to her, whatever she has taught me in the journey of my PhD and life. I also take the opportunity to express my gratitude to **Mr. Hitesh Parikh, Mr. Yashesh Parikh and Mrs. Vaidehi Parikh** for boosting me in completing my thesis work and keeping the atmosphere light in the house.*

*The work was not possible without the facilities provided by the department. From my bottom of the heart I would like to thank **Prof. P.C.Mankodi**, Head Department of Zoology for allowing me to work in his lab and providing me the facilities required for my work.
