

## LIST OF FIGURES

Sr. No.	Description
<b>Figure 1</b>	Map of study site Mangrol
<b>Figure 2</b>	Sub-site wise monthly Molluscan diversity indices during 1 <sup>st</sup> year study along the Mangrol coast.
<b>Figure 3</b>	Sub-site wise monthly Molluscan diversity indices during 2 <sup>nd</sup> year study along the Mangrol coast.
<b>Figure 4</b>	Sub-site wise monthly Molluscan diversity indices during 3 <sup>rd</sup> year study along the Mangrol coast.
<b>Figure 5</b>	Sub-site wise monthly Molluscan diversity indices during 4 <sup>th</sup> year study along the Mangrol coast.
<b>Figure 6</b>	Sub-site wise monthly Molluscan diversity indices during 5 <sup>th</sup> year study along the Mangrol coast.
<b>Figure 7</b>	Comparative Molluscan diversity indices as per sub-site with respective study year at the Mangrol coast
<b>Figure 8</b>	Annually average Density of key species to the corasponding study years.
<b>Figure 9</b>	Annually average Abundance of key species to the corasponding study years.
<b>Figure 10</b>	Annually frequency average of key species to the corasponding study years.
<b>Figure 12</b>	Annually Density, Abundance and Frequency of <i>Astrea stellata</i> .
<b>Figure 13</b>	Annually Density, Abundance and Frequency of <i>Bursa granularis</i> .
<b>Figure 14</b>	Annually Density, Abundance and Frequency of <i>Cellana radiata</i> .
<b>Figure 15</b>	Annually Density, Abundance and Frequency of <i>Nerita albicilla</i> .
<b>Figure 16</b>	Annually Density, Abundance and Frequency of <i>Onchidium verruculatum</i> .
<b>Figure 17</b>	Annually Density, Abundance and Frequency of <i>Turbo coronatus</i> .

<b>Figure 18</b>	Annually Density, Abundance and Frequency of <i>Turbo intercostalis</i> .
<b>Figure 19</b>	Density, Abundance and Frequency during first year of study period.
<b>Figure 20</b>	Density, Abundance and Frequency during second year of study period.
<b>Figure 21</b>	Density, Abundance and Frequency during third year of study period.
<b>Figure 22</b>	Density, Abundance and Frequency during fourth year of study period.
<b>Figure 23</b>	Density, Abundance and Frequency during fifth year of study period.
<b>Figure 24</b>	Average Salinity of corresponding year during the study period at the Mangroal coast. .
<b>Figure 25</b>	25 Average pH of corresponding year during the study period at the Mangroal coast. .
<b>Figure 26</b>	Average $\text{Ca}^{++}$ of corresponding year during the study period at the Mangroal coast.
<b>Figure 27</b>	Average $\text{Mg}^{++}$ of corresponding year during the study period at the Mangroal coast.
<b>Figure 28</b>	Average Total Hardness of corresponding year during the study period at the Mangroal coast.
<b>Figure 29</b>	Average Potassium of corresponding year during the study period at the Mangroal coast.
<b>Figure 30</b>	Average Sulphate of corresponding year during the study period at the Mangroal coast.
<b>Figure 31</b>	Average Dissolve Oxygen of corresponding year during the study period at the Mangroal coast.
