

Table of Contents		
Sr. Nos.	Contents	Page Nos.
I	Certificate	I
II	Declaration by the Candidate	II
III	Acknowledgements	III
IV	List of Tables	V
V	List of Figures / Graphs	VIII
VI	List of Abbreviations	X
	Chapter : 1 Introduction	
1.0	Introduction	1
1.1	Background of study	4
	1.1.1 Learning Organization	4
	1.1.2 Dimensions of Learning Organization	7
	1.1.3 Applicability of Learning Organization in Higher Education	8
1.2	HEIs as Learning Organization	13
1.3	The Evolution of TQM	16
1.4	Formation of TQM in India	16
1.5	Principles of TQM	18
1.6	Concepts of TQM Philosophy	20
1.7	Concepts of Quality Management	24
1.8	TQM and ISO Standards	27
1.9	Fifteen Maxims of Quality Improvement	29
1.10	TQM in Higher Education	35
1.11	Problem statement	45
1.12	Brief Profile of the Maharaja Sayajirao University of Baroda	47
1.13	Significance of the study	53
1.14	Objectives of the study	54
1.15	Research Questions	55
1.16	Hypotheses	56
1.17	Chapter Planning	57
	References	59

	Chapter : 2 Review of Literature	
2.0	Introduction	62
2.1	Objectives of Reviewing Previous Literature	64
2.2	Review of Literature : Learning Organization	65
2.3	Review of Literature: Management Commitment	68
2.4	Review of Literature: System Approach to Management	84
2.5	Review of Literature: Customer Satisfaction	93
2.6	Review of Literature: Employee Involvement	99
2.7	Review of Literature: Training	108
2.8	Review of Literature: Team Work	114
2.9	Review of Literature: Continuous Improvement	122
2.10	Research Gaps Identified	128
	References	132
	Chapter : 3 Research Methodology	
3.0	Introduction	154
3.1	Meaning of Research	154
3.2	Difference between Research Methods and Methodology	155
3.3	Research Approaches	158
3.4	Essentials of Quality Research Process	159
	3.4.1 Validity	159
	3.4.2 Reliability	160
3.5	Research Process	160
	3.5.1 Defining Research Problem	161
	3.5.2 Hypotheses	163
3.6	Research Design	165
	3.6.1 Parts of Research Design	165
	3.6.2 Types of Research Design	166
3.7	Data Collection Sources	167
3.8	Sample Design	168
	3.8.1 Universe / Population	169
	3.8.2 Target Population	169

3.9	Sampling Techniques	169
	3.9.1a Probability sampling	170
	3.9.1b Simple Random Probability Sampling	170
	3.9.1c Systematic Probability Sampling	170
	3.9.1d Stratified Sampling	171
	3.9.1e Clustered Sampling	172
	3.9.1f Multistage Probability Sampling	172
	3.9.2a Non-probability Sampling	173
	3.9.2b Convenience non-probability sampling	173
	3.9.3 Quota Sampling	173
	3.9.4 Purposive Sampling Technique	174
3.10	Sample Size	175
	3.10.1 Level of Precision	176
	3.10.2 The Confidence Level	176
	3.10.3 Degree of Variability	176
3.11	Data Analysis	177
	3.11.1 Descriptive Statistics	177
	3.11.2 Measure of Central Tendency	178
	3.11.3 Pearson Correlation test	191
3.12	Design of Questionnaire	193
3.13	Research Limitations	227
	References	228

	Chapter : 4 Data Analysis and Interpretation	
4.0	Introduction	229
	Group-1 Student Perspectives	231
	4.1. Frequency Distribution : Gender	231
	4.2. Frequency Distribution : Age	232
	4.3 Frequency Distribution : Academic Pursuance	234
	4.4 Frequency Distribution : Residential Status	235
	4.5 Descriptive Statistics : Management Commitment	236
	4.6 Descriptive Statistics: System Approach to Management	238
	4.7 Descriptive Statistics: Customer Satisfaction	239
	4.8 Descriptive Statistics: Employee Involvement	240
	4.9 Descriptive Statistics: Training	241
	4.10 Descriptive Statistics: Team Work	242
	4.11 Descriptive Statistics: Continuous Improvement	243
	4.12 Scale Reliability Test : Management Commitment	245
	4.13 Scale Reliability Test: System Approach to Management (SAM)	246
	4.14 Scale Reliability Test: Customer Satisfaction	247
	4.15 Scale Reliability Test: Employee Involvement	248
	4.16 Scale Reliability Test: Training	249
	4.17 Scale Reliability Test: Team Work	250
	4.18 Scale Reliability Test: Continuous Improvement	251
	4.19 Pearson Correlation Test: Student Perspectives	253

	Group-II Faculty Perspectives	256
	4.20 Frequency Distribution: Gender	257
	4.21 Frequency Distribution: Age	259
	4.22 Frequency Distribution: Marital Status	260
	4.23 Frequency Distribution: Academic Qualifications	262
	4.24 Frequency Distribution: Position	264
	4.25 Frequency Distribution: Department	266
	4.26 Frequency Distribution: Work Experience	268
	4.27 Frequency Distribution: Income	269
	4.28 Descriptive Statistics Management Commitment	271
	4.29 Descriptive Statistics: System Approach to Management	272
	4.30 Descriptive Statistics: Customer Satisfaction	273
	4.31 Descriptive Statistics: Employee Involvement	275
	4.32 Descriptive Statistics: Training	277
	4.33 Descriptive Statistics: Team Work	278
	4.34 Descriptive Statistics: Continuous Improvement	280
	4.35 Scale Reliability Test: Management Commitment	281
	4.36 Scale Reliability Test: System Approach to Management	282
	4.37 Scale Reliability Test: Customer Satisfaction	283
	4.38 Scale Reliability Test: Employee Involvement	284
	4.39 Scale Reliability Test: Training	285
	4.40 Scale Reliability Test: Team Work	286
	4.41 Scale Reliability Test: Continuous Improvement	287
	4.42 Pearson Correlation Test: Faculty Perspectives	288

	Group-III Non-teaching Staff Perspectives	291
	4.43 Frequency Distribution of Gender	291
	4.44 Frequency Distribution of Age	292
	4.45 Frequency Distribution of Marital Status	294
	4.46 Frequency Distribution of Education	295
	4.47 Frequency Distribution of Position	296
	4.48 Frequency Distribution of Work Experience	298
	4.49 Frequency Distribution of Income	299
	4.50 Descriptive Statistics: Management Commitment	300
	4.51 Descriptive Statistics: System Approach to Management	301
	4.52 Descriptive Statistics: Customer Satisfaction	302
	4.53 Descriptive Statistics: Employee Involvement	304
	4.54 Descriptive Statistics: Training	305
	4.55 Descriptive Statistics: Team Work	306
	4.56 Scale Reliability Test Continuous Improvement	307
	4.57 Descriptive Statistics: Management Commitment	308
	4.58 Descriptive Statistics: System Approach to Management	309
	4.59 Scale Reliability: Customer Satisfaction	310
	4.60 Scale Reliability: Employee Involvement	311
	4.61 Scale Reliability: Training	312
	4.62 Scale Reliability: Team Work	313
	4.63 Scale Reliability: Continuous Improvement	314
	4.64 Pearson Correlation Test: Faculty Perspectives	315

	Group-IV	
	Stake Holder Perspectives(Director, IQAC Member, Syndicate Members, Senate Members) And Others	
	4.65 Frequency Distribution of Gender	318
	4.66 Frequency Distribution of Age	319
	4.67 Frequency Distribution of Marital Status	320
	4.68 Frequency Distribution of Position	321
	4.69 Descriptive Statistics: Management Commitment	322
	4.70 Descriptive Statistics: System Approach to Management	323
	4.71 Descriptive Statistics: System Approach to Management	324
	4.72 Descriptive Statistics: Employee Involvement	325
	4.73 Descriptive Statistics: Training	326
	4.74 Descriptive Statistics: Team Work	327
	4.75 Descriptive Statistics: Continuous Improvement	328
	4.76 Descriptive Statistics: Management Commitment	329
	4.77 Scale Reliability: System Approach to Management	330
	4.78 Scale Reliability: Customer Satisfaction	331
	4.79 Scale Reliability: Employee Involvement	332
	4.80 Scale Reliability: Training	333
	4.81 Scale Reliability: Team Work	334
	4.82 Scale Reliability: Continuous Improvement	335
	4.83 Pearson Correlations Test	336

	Chapter : 5	
	Conclusion	
5.0	Introduction	339
	5.1 Findings And Conclusion :Student Perspectives	339
	5.2 Findings And Conclusion :Faculty Perspectives	343
	5.3 Findings And Conclusion Non-Teaching Staff Perspectives	346
	5.4 Findings And Conclusion: Stake Holders' Perspectives ((Director, IQAC Member, Syndicate Members, Senate Members) And Others	349
	5.5 Recommendations	352
	5.6 Limitations And Further Scope Of Research	355
	Bibliography	356
	Appendix : Research Paper published by the Researcher	380
