

ACKNOWLEDGEMENT

I wish to express my heartfelt gratitude to **Dr. Mahendra C. Parmar, M.D.(Medicine)** Professor (Additional) and Head of Medicine 'E' unit, Department of Medicine, Medical College and SSG hospital, Vadodara, for his invaluable guidance, personal assistance, continuous support and relentless interest in carrying out this study. I want to thank him for helping me at every step of the way with his intellectual input and inspiring enthusiasm for seeking the way through, for which I am and shall remain highly obliged to him.

I take this opportunity to express my heartfelt gratitude to **Dr (Prof) N. C. Mehta, M.D. (Medicine)** Professor and Head, Department of Medicine, Medical College, Vadodara for her valuable suggestions and guidance.

I wish to pay my extreme gratitude to **Dr. (Prof.) S.C.Hotchandani**, Dean, Faculty of Medicine, Maharaja Sayajirao University of Baroda, for his valuable remarks and for allowing me to undertake this study in SSG hospital Baroda, and giving me the benefits of its bountiful resources.

I am also thankful to **Dr. A. T. Leuva**, Dean, Medical College Baroda for allowing me to use the college and library facilities for this study and **Dr. A. K. Saxena**, Superintendent, S.S.G. Hospital Vadodara for allowing me to include the patients admitted in the different medical wards in this study.

I am extremely thankful to **Dr. Archana Gandhi**, Asst. Prof. (Medicine) and **Dr. Cecil Parmar** and **Dr. Snehal Rathwa** Asst. Prof. (Medicine) for their invaluable suggestions and constant encouragement in accomplishing this study.

I also wish to thank all nursing and paramedical staff who has constantly helped me throughout this endeavor. I also offer my immense gratitude to my parents and my sister who have always been a constant source of motivation and support throughout the whole journey. And I thank God for being with me always.

Last, but not the least, my deepest gratitude goes to all the patients who formed the backbone of this study without whose participation this study would have never borne fruition.

Dr. ISHA SOOD

Medical college, Vadodara
