## LIST OF TABLES

,			
Table	Nos.	Particulars	Page Nos.
III	- 1	Stake of each group of scheduled commercial banks as on March, 1991	83
IV	- 1	Information regarding number of offices, advance and deposits at various level March, 1991	163-164
IV	- 2	Branchwise information regarding ratio of advances to deposits, profit to advances and profit to total business - 1991	173-175
IV	- 3	Branchwise information regarding ratio of advances to deposits, profit to advances and profit to total business - 1990	179-180
IV	<b>- 4</b>	Branchwise information regarding ratio of advances to deposits, profit to advances and profit to total business - 1989	183-184
IV	<b>-</b> 5	Branchwise information regarding ratio of advances to deposits, profit to advances and profit to total business - 1987	187-188
IV	<b>-</b> 6	Branchwise information regarding (ratio of advances to deposits, profit to advances and profit to total business - 1986	191-192)
IV	- 7	Branchwise information regarding ratio of advances to deposits, profit to advances and profit to total business - 1985	194-195

IV	<b>-</b> 8	Regression results of profit on advances, deposits, volume of business and credit deposit ratio 1991	198
IV	<b>-</b> 9	Results of regression of profit on advances, deposits, volume of business and credit deposit ratio 1990	198
IV	- 10	Regression results of profit on advances, profit on deposit, profit on volume of business, and profit on credit deposit ratio - 1989	199
IV	- 11	Regression results of profit on advance, deposit, volume of business and credit deposit ratio - 1987	199
IV	- 12	Regression results of profit on advances, profit on deposit, profit on volume of business and profit on credit deposit ratio - 1986	200
IV	- 13	Regression results of profit on advance, profit on deposit, profit on volume of business, and profet on dredit deposit ratio - 1985	200
IV	- 14	Branchwise share of priority and non-priority advances to total advance - 1991	.205–206
VI	- 15	Branchwise share of priority and non-priority advances to total advances 1990	20 <b>7-</b> 208
IV	- 16	Branchwsie share of priority and non-priority advances to total advance - 1989	210-211
IV	<b>- 17</b>	Branchwsie share of priority and non-priority advances to total advances - 1987	213-214

I	V -	<b>-</b> 18	Branchwise share of priority and non-priority advance to total advances - 1986	216-217
	· V	- 19	Branchwise share of agriculture, SSI and small borrowers in the advances to priority sector - 1991	220-221
		- 20	Branchwise share of agriculture, SSI and small borrowers in the advances to priority sector - 1990	22 <sup>4</sup> -225
I	7	- 21	Do 1989	227-228
ı	. V	- 22	Branchwise share of agriculture, SSI and small borrowers advance to priority sector advances - 1987	230
<b>I</b>	. <b>v</b>	- 23	Branchwise share of agriculture, SSI and small borrowers in priority sector advances - 1986	232
I	. A.	- 24	Proportion of each facility to total advance of the branch - 1991	234-235
I	. v	- 25	Proportion of each facility to total advance of the branch - 1990	237-238
I	. v	- 26	Proportion of each facility to total advance of the branch 1989	240
Ι	v -	- 27	Proportion of each facility to total advance of the branch - 1987	242
Ţ	V -	- 28	Proportion of each facility to total advance of the branch - 1986	244
Ţ	V -	<b>- 29</b>	Comparative ratios over a period of time	246
V	•	<b>- 1</b> (	Segmentwise ranking of factors	254
V	, <u>.</u>	- 2	Segmentwise ranking of factors by appraising officers at regional office	254
•				•

3 -	V		3	Rank correlation co-efficient between segments regarding ranking of factors	25 <b>7</b>
	V	-	4	Rank correlation co-efficient between the factors - agriculture segment	261
	V		5	Rank correlation co-efficient between the factors - SSI	263
	V	-	6	Rank correlation co-efficient between the factors - BMRT	265
	V	. <b>÷</b>	7	Rank correlation between the factors - SEPR	266
	• 🔻		8	Rank correlation between the factors - TO	268
	V	-	9	Rank correlation co-efficient between the factors - EDU	269
	Å	-	10	Rank correlation co-efficients between the factors - NP C&I	270
	V	***	11	Relationship between various branches in ranking of the factors - AGRI	2 <b>73–</b> 2 <b>7</b> 8
	· <b>v</b>	-	12	Linkage analysis - Agriculture segment	281
	V	-	13	Relationship between various branches in ranking of the factors	2 <b>93~</b> 2 <b>98</b>
	v	-	14)	Linkage analysis SSI segment	290-291
	<b>v</b>	-	15	Relationship between various branches in ranking of the factors - BMRT	293-298
	<b>v</b>		16	Linkage analysis - advances to businessman and retail trader	301
,					/

<b>V</b>	****	17	Relationship between various branches in ranking of the factors - SEPR	303-308
V	-,	18	Linkage analysis - advances to self employed and profesional	310
V	•••	19	Relationship between various branches in ranking of the factors - TO	312-317
v	-	20	Linkage analysis - advances to transport operator	319
<b>A</b>	•	21	Relationship between various branches in ranking of the factors - EDU	321-326
V	1000	22	Linkage analysis - Education	3 28
<b>v</b>	-	23	Relationship between various branches in ranking of the factors - NP C&I	330-335
V	-	24	Linkage Analysis - non-priority sector C&I	33 <b>7-</b> 338
<b>v</b>	-	25	Percentage application of manage- ment accounting techniques - segmentwise	341
<b>V</b>	~	26	RCC between the segments regarding application of techniques	347
V	***	27	Relationship between the techniques - Agriculture	350
Δ.		28	Relationship between the techniques - SST	<b>353</b>
V	**	29	Relationship between the techniques - BMRT	355
A	-	30	Relationship between the techniques - SEPR	357
V	•••	31	Relationship between the techniques - TO	359

V		<b>3</b> 2	Relationship between the techniques - EDU	361
<b>V</b>	÷	33	Relationship between the techniques - NP C&I WC	364
<b>v</b>	-	34	Relationship between the techniques - NP C&I TL	366
<b>V</b>	-	35	Composite index of application of management accounting techniques - segmentwise	374-377
V	-	36	Regression results by logit model of probability of application of techniques on advances of branch	396
Δ.	****	37	Regression results by logit model of probability of application of techniques on size of branch	397
V	***	38	Estimated value of Pi at two diffe- rent level of advances - Segmentwise	405
<b>V</b>	<u>.</u>	<b>39</b> <sub>.</sub>	Estimated value of Pi at two different level of volume of business segmentwise	406
ΔI		40	Responses to questions pertaining to break even analysis	443-444
VI	••	2	Responses pertaining to break even analysis Cases	444-445
VI	-	3	Percentage of correct answer to the case with reference to technologies: method of costing	451
VI	-	4	Relationship between question and cases and between cases: method of costing	452
VI	<u></u>	5	Response in terms of percentage for each ratio for each loan amount group	465-466

VI	<b>-</b> 6	Rank correlation co-efficients between the loan groups : Ratio analysis	470
VI	-, 7	Relationship between ratios for application thereof for loan amount more than Rs. 10 lakhs	<b>47</b> 2
VI	<b>-</b> 8	Relationship between the ratios for application thereof for loan amount more than Rs. 2 lakhs and less than Rs. 10 lakhs	4 <b>7</b> 8_
VI.	<b>-</b> 9	Relationship regarding application of techniques between two stages : sanctioning and monitoring	482
VI	- 10	Regression results of proportion of problem credit on probability of application of techniques	49 <b>3</b>
