

## TABLES

1.1	Literacy rate	32
1.2	Gross Enrolment ratios	34
1.3	Expenditure on education	35
1.4	Expenditure on health	38
3.1	Economic growth of state and national	114
3.2	Comparison of GSDP of state with Neighboring States	115
3.3	GSDP at constant prices (2004-05) sector share	115
3.4	Comparison of per capita GSDP of state	116
3.5	Comparison of Crop Yield of state with other States	119
3.6	Tourist arrivals in the state	129
3.7	State poverty (persons in millions)	136
4.1	Inputs and output of Education	149
4.2	Year Wise Growth Rate of expenditure on education	150
4.3	Pupil teacher ratio	155
4.4	Year wise growth rates of pupil teacher at all levels	156
4.5	Institutional availability	158
4.6	Year wise growth rates of Institutional availability at all levels	158
4.7	Enrolment ratios	160
4.8	Annual growth rates of Gross Enrolment Ratios	162
4.9	Growth rate of Literacy Rate	165
4.10	Estimations of Gender Gap in literacy rate	166
4.11	Estimated ACGRs of Education as Human capital	167
4.12	Inputs and output of health	168
4.13	Population of state during Census Years	170
4.14	Sex Ratio	171
4.15	Expenditure on health	175

4.16	Annual growth rates of expenditure on health	176
4.17	Man power availability in the health sector	179
4.18	Institutional availability	181
4.19	Growth rates of institutional availability	181
4.20	Percent of Live births where the mothers received medical attention	184
4.21	Year wise growth rates of medical attention total rural and urban	185
4.22	Year wise birth and death rates per thousands	187
4.23	Year wise growth rates of birth and death rates per thousand	188
4.24	Estimation of natural growth rates	189
4.25	Life expectancy	190
4.26	Infant mortality by residence and sex	192
4.27	Child mortality (0-4 years)	193
4.28	Total fertility rate in the state by residence	194
4.29	Compound annual growth rates of various health indicators	194
5.1	Variables for estimation of the models	219
5.2	Results Summary for Education as Human Capital	221
5.3	Results Summary for Health as Human Capital	224
5.4	Human Capital and Growth: Results Summary	227
5.5	Augmented Dicky Fuller test	232
5.6	Co-integration stat	233
5.7	Granger causality test	234
6.1	Number of Respondents by Sex	245
6.2	Number of respondents by age	246
6.3	Number of respondents by qualification	246
6.4	Role of state in financing education	247
6.5	Structuring and school curriculum: Respondents view	247
6.6	Education curriculum and sectorial growth	248

6.7	Role of education in improving labour market efficiency	248
6.8	Role of state in funding education	248
6.9	Computation of the Calculated Chi Square Table (CalX2)	249
6.10	Role of education in improving efficiency	251
6.11	Computation of the Calculated Chi Square Table (CalX2)	252
