

ACKNOWLEDGEMENTS

I would like to express my hearty feelings of gratitude to:

- Professor (Dr.) Parimal H. Vyas, my Guru, Philosopher and (Research) Guide. His committed efforts, valuable guidance and inspiration have been instrumental in translating my dream in to reality. Without his support, task of accomplishing Ph.d would not have been possible.
- Ms. Arti M. Pandya, my wife and other family members for giving me moral support and relieving me from social duties in order to enable me to do my research work.
- Shri Mayank Bhatt, Lecturer in Statistics, S. P. University. Vidyanagar, who helped me in applying statistical tools.
- Shri Darshan Maru. Dy. Register. M.S. University of Baroda, who helped me in doing analysis of data.
- Dr. Kalamkar, Statistics Department, Faculty of Science, M.S. University of Baroda, who helped me in making statistical analysis of data.
- Shri Vibhuti Vaishnav, visiting faculty in IMS, and in ICFAI University, who helped in translating my questionnaire in to vernacular language.
- Shri Sanjiv Sheth, Ex Administrator of Vijay vallabh Hospital Mandvi, Baroda, for his support.
- All the Staff members of Hansa Mehta Liabrary, M.S. Univeresity of Baroda, Vadodara.
- All the members of Department of Commerce Including Business Administration, Faculty of Commerce, M.S, university of Baroda, for their cooperation.
- All the hospitals for giving permission for data collection.
