

APPENDIX C

Schedule for the Evaluation of Designed Garments by the Judges

Department of Clothing and Textiles

Faculty of Home Science

Baroda 390 002

Date:

Dear Sir/Madam:

Much attention has been directed in India to meet the needs of physically handicapped in the area of functional equipment to enable them to be independent and self-sufficient. But the importance of comfortable, convenient, self-help and attractive clothing for the handicapped is a neglected area. The problem is, one that affects a large group of children in our country. Hence an attempt was made by the investigator to study the clothing problems of children with different disabilities and to develop suitable designs for garment to meet their clothing needs.

The investigator had selected seven subjects, 3 cerebral palsy, 2 polio, 1 congenital, 1 with hunchback and constructed garments for them. On the score card you will find the name and the disability of each subject who will put on and take off one garment at a time. You are requested to evaluate these garments by filling the score card for each item.

Your esteemed judgement will be greatly appreciated.

Thanking you,

Yours faithfully,

Guide:

B.A. Tavawala

Professor Dr. Justina A. Singh.

Your Bio-data

Please fill up the following details:

1. Name :
2. Education :
3. Designation :
4. Institution/College :

Instructions for responding to check sheet

Please represent your opinions by a score in each column, using the following guide :

- 5 - Very good
- 4 - Good
- 3 - Satisfactory
- 2 - Fairly satisfactory
- 1 - Unsatisfactory.

Name	:	Age	:	Education	:				
Disability	:			Appliance used	:				
No.	Name of the garment	Ease of wearing	Manipulation of fasteners	Fit of the garment	Appropriateness of the pattern for the disability	Appearance of the child when garment is put on	Its comfort	Ease of removing	Overall comments and suggestions if any
