

LIST OF TABLES

Table		Page
1	List of enterprises selected for the study	92
2	Details of the capital investment made by the enterprenuers	98
3	Details of the floor coverings made at different enterprises	104
4	Purchase and consumption pattern of yarns used for floor coverings	110
5	Details of loom used by different enterprises	115
6	Details of the women workers employed by the enterprenuers and the type of work taken from them	123
7	Annual production pattern of floor coverings	128
8	Distribution of craftsmen according to age and sex	142
9	Distribution of craftsmen according to education	148
10	Distribution of craftsmen according to monthly family income and number of earning members	151
11	Distribution of craftsmen according to wages earned	157
12	Details of wages earned by <u>durrie</u> weavers	158
13	Distribution of craftsmen according to reasons for taking up weaving. ..	163
14	Details of capital investment made by craftsmen	171

List of Tables

Table		Page
15	Size and weight of floor coverings made by craftsmen	176
16	Details of looms used for making floor coverings	180
17	Time taken for carrying out various pre-manufacturing and post-manufacturing operation	185
18	Daily output of the weavers of Tibetan carpets, <u>galichas</u> and <u>chugdang</u> ..	189
19	Time taken for manufacturing different floor coverings	191
20	Relationship between time taken for weaving Tibetan carpets and different variables ..	195
21	Relationship between time taken for weaving <u>durries</u> and different variables	195
22	Distribution of craftsmen according to production pattern of various floor coverings	200
23	Distribution of trimmers and designers according to age ..	208
24	Distribution of trimmers and designers according to monthly family income and number of earning members ..	210
25	Distribution of trimmers and designers according to wages earned ..	212
26	Construction particulars of the carpets used for the experiment ..	267
27	Effect of application of finish in compressibility, recovery and resiliency behaviour of carpets	270

List of Tables

Table		Page
28	Effect of application of finish on thickness retention of carpets after dynamic loading	375
29	Effect of application of finish on compressibility and recovery behaviour of carpets after dynamic loading	381
30	Effect of application of finish on rate of weight loss due to abrasion cycling ..	385
31	Outstanding features of floor coverings manufactured in Himachal Pradesh ..	406
32	Effect of acrylic finish on wear characteristics of carpets ..	416
