

ACKNOWLEDGEMENT

It is with great pleasure and deep sense of indebtedness and gratitude that the investigator acknowledges here the invaluable guidance of Professor B.N. Chaulkar, Head of the Department of Clothing and Textiles, Faculty of Home Sciences, Maharaja Sayajirao University of Baroda. Indeed were it not for his able supervision, encouragement and helpful criticism, this study would not have seen completion.

The investigator also extends profound gratitude and thanks to Dr. H.M. Elder, Senior Lecturer in Fibre and Textiles Research Unit in the Department of Pure and Applied Chemistry, Strathclyde University of Glasgow, U.K.

The investigator is also deeply indebted to Dr. J.M. Fergusson, Head of Fibre and Textiles Research Unit, Department of Pure and Applied Chemistry, Strathclyde University of Glasgow, U.K. for the facilities and courtesies extended to her.

The investigator would like to thank Mr. Khare and Mrs. Sheena Watson for typing this work.

Lastly the investigator wants to acknowledge the encouragement and moral support that she received at all stages of the work, from her husband and parents.
