

A C K N O W L E D G E M E N T S

=====

It was a great privilege to work under the able guidance of Dr. A Chandra, Professor and Head, Home Science Education and Extension department, Baroda. Dr. Chandra's expertise, benevolent nature and apt judgement to extricate ideas and potentials have immensely contributed to the progress of this study. I extend my sincere thanks to Dr. Chandra.

I express my special thanks to Prof. N.S.Pathak, Education and Psychology Faculty, Baroda for the help and suggestions in statistical analyses. Dr. Pathak's readiness to help is greatly appreciated.

My deep sense of gratitude is extended to Dr. D.C. Joshi for his constant encouragement and concern as well as for his valued comments.

Appreciation is expressed to Dr. A Shah, Reader, Home Science Education and Extension Department, Baroda for her encouragement and concern. I thank Dr. Shah and Dr. K Paralikar, Reader, Department of Home Science Education and Extension for their comments.

I am greatly indebted to Ms. Sandhya Gupta for her help in coding the data and statistical analyses.

Thanks are offered to all the Deans and Heads of Departments of the Colleges of Home Science included in the study, for their cooperation in collecting data.

I am highly obliged to all teachers, M.Sc. students and administrators who responded to the questionnaire.

Greatful appreciations are extended to Dr. V.K. Nanda, Professor, Punjab University, Chandigarh, Dr. Geeta Goyal, Professor, College of Home Science, Agra and Ms Ranjina Gupta for their help during data collection.

The understanding and friendly attitude of several well wishers are gratefully recognised. They are Ms. Anuradha Kaul who also assisted in coding a part of data, Dr. Rolee Kanchan, Ms. Veenu Bhargava, Dr. Sulochana Ozha, Ms Madhavi Pandya, Dr. Uma Joshi, Dr. Baljit Kaur, Mr. N. Dash and Dr. Geeta Bhajpai.

Thanks are extended to Mrs D.C. Joshi and Mrs Neeta Joshi for their concern and good will.

I am particularly thankful to Dr. Surendra Mehon, Lecturer of Physiology, Foods & Nutrition department, Faculty of Home Science for taking out time to proof read the manuscript meticulously.

I am in loss of words to express my deep sense of gratitude and appreciation to my parents and brother. Their high aspirations and unending motivation acted as a constant source of inspiration to me and my work. I take this opportunity to convey heartfelt thanks to them for their contributions.

Lastly, I thank Mr. T.V. Purushothaman for typing this thesis.
