APPENDIX 6 C

Covering Letter for the mailed Questionnaires

To

Respected Madam/Sir,

I am lecturer at Kanoria College, Jaipur and at present registered as a Ph.D. scholar at the department of Home Science Education and Extension, Faculty of Home Science, M.S. University, Baroda.

My research study is regarding vocational aspirations and vocational preparation of home science college students.

This letter comes to you as a personal request for your help in getting my research questionnaires filled by the senior/final year M.Sc. students of your department/college. Also there is one questionnaire to be filled by head/any one senior staff member of the department. I have already got your permission to collect data.

It is not possible for me to collect data personally from all the places as the data for my research study has to be collected between January and March. So your kind help and involvement are indispensable for me.

It would be a great help if I could receive the filled questionnaire within 2-3 weeks. I am enclosing weighed stamped self-addressed parcel envelop for your convenience to return the questionnaires.

Thanking you very much.

Yours faithfully,

Dr. Anupam Shah
