| ACKNOWLEDGEMENTS                                                               |      |
| 1. INTRODUCTION .....                                                          | 1    |
| 1.1 Higher Education, Women and Work .....                                     | 1    |
| 1.2 Vocational Aspirations of Women .....                                      | 11   |
| 1.3 Home Science at University Level .....                                     | 13   |
| 1.4 Vocationalization of Home Science at<br>University Level .....             | 20   |
| 1.5 Employment Opportunities for Home Scientists ....                          | 25   |
| 1.5.1. Research studies .....                                                  | 26   |
| 1.5.2. Opinion of the home scientists .....                                    | 32   |
| 1.6 Role of Home Science Colleges in Preparing<br>Students for Vocations ..... | 37   |
| 1.7 Students' Opinions Regarding Adequacy of<br>Vocational Preparation .....   | 46   |
| 1.7.1 Study programme at B.Sc. level .....                                     | 49   |
| 1.7.2. Academic achievement .....                                              | 50   |
| 1.7.3. Socio-economic status .....                                             | 52   |
| 1.7.4. Modernity .....                                                         | 54   |
| 1.7.5. Sex-role confirmation .....                                             | 55   |
| 1.7.6. Influence of family on vocational<br>development .....                  | 57   |
| 1.7.7. Institutional factors .....                                             | 61   |
| 1.8 Statement of the Problem .....                                             | 69   |
| 1.9 Justification of the Study .....                                           | 69   |
| 1.10 Objectives .....                                                          | 74   |
| 1.11 Assumptions of the Study .....                                            | 83   |

|                                                                              |            |
|------------------------------------------------------------------------------|------------|
| 1.12 Null Hypotheses .....                                                   | 85         |
| 1.13 Delimitations of the Study .....                                        | 100        |
| 1.14 Operational Definitions .....                                           | 100        |
| <b>2. REVIEW OF LITERATURE .....</b>                                         | <b>104</b> |
| 2.1 Studies on Vocational Aspirations .....                                  | 105        |
| 2.1.1. Level of vocational aspiration .....                                  | 105        |
| 2.1.2. Vocational aspirations and academic<br>achievement .....              | 109        |
| 2.1.3. Vocational aspirations and socio economic<br>status .....             | 111        |
| 2.2 Studies Related to Vocational Aspirations .....                          | 111        |
| 2.2.1. Future career plans of women .....                                    | 111        |
| 2.2.2. Vocational choice, career motivation, and<br>career orientation ..... | 112        |
| 2.2.3. Vocational preferences .....                                          | 119        |
| 2.2.4. Role of family on vocational development .....                        | 121        |
| 2.2.5. Perception of sex-roles and vocational<br>development .....           | 123        |
| 2.2.6. Other studies on vocational development .....                         | 125        |
| 2.3 Studies on the Competencies Required for<br>Vocations .....              | 127        |
| 2.4. Studies on Adequacy of Preparation for<br>Vocations .....               | 137        |
| 2.5 Miscellaneous Studies .....                                              | 152        |
| <b>3. METHODOLOGY .....</b>                                                  | <b>159</b> |
| 3.1 Pilot Study .....                                                        | 160        |
| 3.2 Determination of Population and Sample .....                             | 162        |
| 3.3 Research Tools for Data Collection .....                                 | 170        |

|      |                                                                                                                                               |     |
|------|-----------------------------------------------------------------------------------------------------------------------------------------------|-----|
| 3.4  | Validity of the Tools .....                                                                                                                   | 177 |
| 3.5  | Pretesting and Reliability of the Tools .....                                                                                                 | 178 |
| 3.6  | Procedure of Data Collection .....                                                                                                            | 181 |
| 3.7  | Scoring and Categorizing the Data .....                                                                                                       | 187 |
| 3.8  | Analysis of the Data .....                                                                                                                    | 198 |
| 4.   | FINDINGS .....                                                                                                                                | 205 |
| 4.1  | Background Information of the Respondents and<br>the Colleges .....                                                                           | 206 |
| 4.2  | Vocational Aspirations of the Respondents .....                                                                                               | 231 |
| 4.3  | The opinion of the Respondents Regarding<br>Adequacy of Their Preparation for the<br>Vocations of Teacher and Researcher .....                | 255 |
| 4.4  | The Opinion of the Respondents Regarding<br>Adequacy of Their Preparation for each<br>Vocation Related to Their own Specializations ...       | 304 |
| 4.5  | Relationship between Vocational Aspirations<br>and Opinions of the Respondents Regarding<br>Adequacy of Their Preparation for Vocations ..... | 370 |
|      | CONCLUSION .....                                                                                                                              | 372 |
| 5.   | DISCUSSION .....                                                                                                                              | 377 |
| 6.   | SUMMARY .....                                                                                                                                 | 425 |
|      | APPENDICES .....                                                                                                                              | 446 |
| 1.   | Proforma for Pilot Study .....                                                                                                                | 446 |
