

LIST OF TABLES

Table No.	Titles	Page No.
1.	Distribution of the family by sex	103
2.	Age of the respondents	105
3.	Distribution of the families according to educational level of the members	107
4.	Distribution of the families according to the occupation of the parents and grandparents	109
5.	Distribution of the families by their total income	109
6.	Distribution of the families according to the total number of family members	112
7.	Distribution of the family according to the ordinal position of the child	112
8.	Distribution of the respondents according to the major decision maker in the family	114
9.	Distribution of the families according to value orientation	116
10.	Mean weighted score for the values held by the respondents	119
11.	Distribution of the youths according to the perception regarding home environment	120
12.	Weighted mean score for the perception regarding home environment of the youth	121
13.	Distribution of the youths according to parent child relationship	124
14.	Weighted mean scores of the youths for parent child relationship	127
15.	Distribution of the families according to the extent of communication	129
16.	Mean weighted score for the extent of communication	131

17.	Distribution of the family according to the time spent on communication	132
18.	Distribution of the family according to the purpose of interpersonal communication	134
19.	Distribution of the family according to the extent of use of interpersonal communication for various purposes among three generation	137
20.	Distribution of the family according to the barriers of interpersonal communication	138
21.	Distribution of the family according to the barriers experienced in interpersonal communication among three generation families	143
22.	Distribution of the family according to the extent of conflicts in various areas	146
23.	Weighted mean score for the extent of conflict in various areas	147
24.	Distribution of the family according to the methods of resolving conflicts adopted by them	150
25.	Distribution of the family according to the use of facilitators for effective communication among three generations	152
26.	Distribution of the family according to the use of facilitators for effective interpersonal communication among three generations	156
27.	't' – value showing difference in extent of communication between child parent and child grandparent by sex of the child	163
28.	't' – value showing difference in extent of communication by occupation of mother	164
29.	't' – values showing difference in extent of communication between child parent and child grandparent by education of parents and grandparents	165
30.	't' – values showing difference in extent of	166

	communication between child parent and child grandparent by size of the family	
31.	Coefficient of correlation showing relationship between extent of communication and selected variables	167
32.	't' – values showing difference in extent of conflict between child parent and child grandparent by occupation of mother	168
33.	't' – values showing difference in extent of conflict between child parent and child grandparent by sex of the child	168
34.	't' – values showing difference in extent of conflict between child parent and child grandparent by education of parents and grandparents	169
35.	't' – values showing difference in extent of conflict between child parent and child grandparent by size of the family	170
36.	Coefficient of correlation showing relationship between extent of conflict and selected variables	171
37.	't'-values showing difference in extent of barriers to communication between child-parent and child-grandparent by sex of the child	172
38.	't' – values showing difference in barriers to communication between child parent and child grandparent by occupation of the mother	173
39.	't' – values showing difference in barriers to communication between child parent and child grandparent by education of parents and grandparents	174
40.	't' – values showing difference in barriers to communication between child parent and child grandparent by size of the family	175
41.	Coefficient of correlation showing relationship between barriers to communication and selected variables	176

42.	Coefficient of correlation showing relationship between extent of barriers and extent of conflict between three generations	177
43.	Coefficient of correlation showing relationship between extent of barriers and extent of communication between three generations	177
44	Coefficient of correlation showing relationship between extent of barriers and extent of communication between the three generations	178
