TABLE OF	CONTENTS	• •	iv
LIST OF	Tables	• •	tv
LIST OF I	FIGURES	• •	хi
LIST OF	APPENDICES	• •	xii
СНАРТІ	er.		PAGE
· I:	INTRODUCTION	• •	1
^	1. Rationale for the Study	• •	10
	2. Statement of the Problem	• •	11
	3. Objectives of the Study	• • ′	12
	4. Assumptions of the Study	• •	12
	5. Hypotheses of the Study	• •	12
	6. Delimitations of the Study	• •	15
II:	REVIEW OF LITERATURE	• •	16
	1. The Energy Crisis Scene in Ind	ia	17
`	2. The Energy Use Pattern in Indi		24
	3. Perspective on Energy Problems		36
	4. Family Level Studies conducted		•
	Energy in India and Abroad	• •	43
	(a) Consumption-Expenditure Pa	ttom	
	on Energy	COCTI	43
	(b) Knowledge and Perception of	er Enoncer	-
~	Crisis	T PHELEN	5 7
,	(c) Stress due to Energy Crisi	Q .	59
	(d) Energy Conservation		64
	(e) Alternate Technology	• •	78
	(c) 1 to that c - comio 10gy	• •	10
III:	METHODOLOGY	• •	91
	1. Conceptual Framework of the Stu	ıdу	91
	2. Operational Definitions	• •	93
	3. Variables	• •	97
	4. Development of the Instrument	• •	101
	5. Selection of the Sample	• •	114
	6. Method of Data Collection	• •	115
	7. Analysis of Data		116

CHAPTER	•	PAGE
IV :	RESULTS AND DISCUSSION	122
	1. Description of the Sample	122
	2. Consumption Pattern of Energy Source 3. Perception of the Energy Crisis	128
	Situation	163
	4. Stress Felt due to Energy Crisis	170
	5. Coping Behaviour of Families during	•
•	Energy Crisis Situations 6. Decisions for the Future in Relation	183
	to Energy Use	243
-	7. Testing the Hypotheses	246
	8. Discussion of Findings	270
v :	SUMMARY AND CONCLUSIONS	283
	1. Summary	283
	2. Conclusions	297
	3. Implications of the Study	298
	4. Recommendations for Future Research	299
	5. Action Programmes	300
-	BIBLIOGRAPHY	302
