Chapter	Page
Abstract	ix
1. Introduction	1
2. Review of Literature	11
Prevalence of Anaemia	11
* Worldwide Prevalence of Anaemia In India	11
* Prevalence of Anaemia in India	11
Iron Deficiency Anaemia (IDA)	15
* Aetiology of IDA	15
* Body Iron Compartment	16
* Iron Cycle in the Body	16
* External Iron Exchange	18
* Stages of Changes in the Body Iron Content	23
* Criteria for Assessing Anaemia	24
* Consequences of Anaemia	27
Strategies to Prevent and Control Anaemia	32
* Dietary Modification, Control of Viral, Bacterial and Parasitic Infection, Food Fortification and Supplementation with Medicinal Iron.	

## List Of Contents

Chapter	Page
<ul style="list-style-type: none"> <li>* Programmes to Control Anaemia in the World.</li> <li>* Anaemia Prophylaxis in India.</li> </ul>	35 36
Perception of Women and Grass-root Level Functional Regarding Anaemia	40
<ul style="list-style-type: none"> <li>* Knowledge of Functionaries</li> <li>* Women's Knowledge</li> </ul>	40 41
Compliance with the Prescribed Drugs	43
<ul style="list-style-type: none"> <li>* Factors affecting compliance.</li> </ul>	43
Impact of Iron Supplements during pregnancy on Maternal - Infant Outcome Parameter.	53
3. Subjects and Methods	63
Selection of Area	63
Selection of Sample	65
Plan. of the Study	65
Types of Data Collected	71
Details of Parameters and Techniques for Data Collection	72
Data Analysis	81
