INFROMED CONSENT FOR STUDENTS FOR PARTICIPATING IN THE STUDY

I, _____, studying in _____ standard have been oriented about the 2 year study on **“Developing a Healthy School Initiative Programme”**, to be conducted by a research team from the Foods and Nutrition Department, Faculty of Family and Community Science, The M. S. University of Baroda. As per the instructions, the study would be conducted within the speculated school time without disturbing the teaching classes. The activities under the study, would enhance our knowledge on health, food, nutrition and healthy lifestyle behaviour change through active involvement of school teachers as well as parents, but within their considered time frame.

We may have to fill a basic questionnaire and will have to participate in the nutritional status assessment undertaken by the research team. The data shall remain confidential used for study purpose only. However, the respective participants if required or asked for can share it.

I have shared this information with my parents and with their due permission; I give my consent to participate in the study. I understand the importance of this study and the information derived from me. I ensure to share correct information during the study and shall participate sincerely and regularly in the study.
