

## ACKNOWLEDGEMENT

---

*I stand nowhere without the blessings of almighty. I offer my humble gratitude for his eternal presence, showing me the right path in all the favorable and unfavourable circumstances and providing me strength to accomplish my research work.*

*It has been a wonderful blessing and an awesome opportunity to work under my mentor and guide Dr. Mini Sheth. I evince my intense gratitude to her for her constant motivation and enormous positivity which left me with no option but to remain focused and work on achieving my goal. Her quick observation, socratic questioning, keen interest, profound knowledge of the subject and creative thinking helped me to establish the overall alignment of the research and to move forward with investigating depth. Not only as a guide but also as a wonderful person she has always motivated me with immeasurable positive thinking, immense understanding and tender affection. I would like to thank her for inspiring, enriching and enlightening my mind and soul.*

*I convey special acknowledgement to Prof. (Dr.) Uma Iyer for her trust on me towards my work, which I felt constantly. Her brilliant ideas, unceasing scientific quest and balanced personality never cease to amaze me.*

*I would like to express my sincere thanks to all the teaching and non-teaching staff of the Dept. of Foods and Nutrition and Faculty members (Faculty of Family and Community Sciences) for their gentle and supporting nature, from the very first day I stepped into the department till the completion of my study.*
