

### ACKNOWLEDGEMENTS

I am grateful to **Dr. A. M. Talati**, Ex-Professor and Head, Applied Chemistry Department, Faculty of Technology and Engineering, M. S. University of Baroda for suggesting this problem and guidance throughout the investigation and complication of the thesis. It is my great pleasure to mention here that I have been feeling his constant care and attention throughout my stay here. I am thankful to him for his attachment to this work inspite of his busy schedule.

I am thankful to Prof. R. C. Desai, Dean, Faculty of Technology and Engineering, and to late Prof. J. M. Lohar, Head, Applied Chemistry Department, for providing me necessary facilities in the department. I am obliged to all staff members for giving encouragement during the course of my research work.

My special thanks are due to Dr. S. Sivaram and Dr. V. N. Garg for encouragement for higher studies. I am very much thankful to Dr.G.C.Pandey, Dr.A.K.Kulshrestha, Dr.K.V.Rao, Dr. (Mrs.) V.J.Koshy, Dr. (Mrs.) Kalpana Gopalkrishnan and Dr.B.P.Singh for their help in providing me instrumental facility in Research Centre of Indian Petrochemicals Corporation Ltd., Baroda and giving co-operation throughout my research work.

I shall be very much thankful to my coworkers B.R.Patel, J.B.Solanki, M.M.Barua, H.N.Vaidya, H.K.Taviyad for their help in analysing samples for I.R. SEM and elemental analysis.

I shall always remember a nice company that I had with my colleagues Y.K.Joshi, V.J.Dhimar, B.N.Narkhede, R.N.Trivedi and D.S.Chaudhari. My sincere thanks are due to their untiring help.

I am grateful to all who have been associated with me and who have contributed in many ways.

I would like to express my appreciation to Mrs. Madhuben A. Talati for her patience and moral support.

Finally I thank all of my family member and especially my wife for their constant encouragement and patient endurance throughout my studies.

Very spacial thanks to my friend Bijen Modi and his staff for having great pain in typing, xeroxing and correcting the text.
