

## **ACKNOWLEDGEMENT**

*There may be tough times, but the difficulties which you face will make you more determined to achieve your objectives and to win against all the odds.*

*-Marta*

*I take this precious opportunity to express my gratitude to all those people who have helped along the journey of my Ph.D. I am indebted to so many for their encouragement and support. First and foremost, I would like to thank the Almighty for giving me the strength, knowledge, ability and opportunity to undertake this research study and to complete it satisfactorily.*

*I would like to express my sincere gratitude to my supervisor Prof. Mrinalini Nair for her continuous guidance, brain storming discussions and sharing her immense knowledge to troubleshoot any problem in a scientific way. Her deep insights helped me at various stages of my research. Without her assistance and dedicated involvement in every step throughout the journey, this thesis would have never been accomplished. Thank you ma'am for teaching me to be brave enough to fight for the right and never give up.*

*I gratefully acknowledge University Grants Commission, India for providing a research fellowship, Department of Biotechnology (DBT) for providing a travel grant for an international conference. In addition, I would like to extend my thanks to the Institute Pasteur for granting the support for the conference presentation.*

*I thank Professors Timothy Foster and Dr. Ian R. Monk, Trinity College, Dublin for providing *S. aureus* and *E. coli* strains. I thank Professor Cristiane Wolz, University of Tübingen, Tübingen, Germany for supplying pMAD plasmid.*

*I would like to express my regards to Prof. Gayatri Archana, Head of the Microbiology department and Prof. Anuradha Nerurkar for their valuable suggestions, encouragement and support throughout this journey. I would also like to thank Dr. Jayashree Pohnerkar, a member of my doctoral committee for her constructive comments on my work during presentations. I extend my thanks to Prof. Devarshi Gajjar for her encouraging words, motivation and timely help whenever I needed. I have great pleasure in acknowledging my gratitude to the faculties of Microbiology and biotechnology department, Prof. Tamishraha Bagchi, Dr. Vyas, Prof. Ingle, Dr. Nandita Baxi, Dr. Ratika Srivastava, and Dr. Pushpendra Singh who have been very kind and always supportive. I thank Late Prof. Bharat*

*chattoo and Dr. Rajesh Patkar, for always keeping the door of genome research centre open and for the help as and when required. I want to express my gratitude to Late Dr. Johannes Manjrekar, for his valuable suggestions, and encouragement to persue dreams with passion.*

*I take this opportunity to extend my gratitude to all my teachers who have taught me since my childhood, especially Dr. Gayatri Dave, this would have never been possible without the efforts they have put all along and molded me into what I am today.*

*I express my Special thanks to Mr. Nitesh Bhatt and Mr. Shirish Nagarkar for their innumerable help and guidance with the administrative work. I thank Dr. Harsukh Tank for his encouraging words and continuous help in providing laboratory requirements. I would also like to thank Mrs. Thomas for providing laboratory supplies and delicious south-indian food. I thank Aparna Ma'am for her encouragement and support.*

*I thank Mukesh Bhai, Girish Bhai, Chiman Bhai, and late Ramesh Bhai for maintaining clean labs.*

*A good support system is important for surviving and staying sane during Ph.D. and without having family and friends by my side that always made every moments special. Thank you Dr. Anuja Malgaonkar for being such a fabulous senior one could ask for and for always being there like an elder sister. I am grateful for all the scientific help in writing and experiments during my Ph.D. I gratefully acknowledge my all time travel-buddy, and my secret keeper Ms. Hasmantbanu Buchad. Thank you Hasmat for always pushing me to break the boundaries and letting me know that I can do it when I doubted myself. Thank you for always being there for me and giving me all the strength during the toughest days of this course. I will always adore the moments we have spent together as 'three Pretty devils'.*

*What I would have done without you girls! Thank you Dr. Shweta Patel, I am grateful for all the love, care and strength I have received which kept me going to reach where I am today. Thank you for being my constant. I gratefully acknowledge my foodie friend and garba partner Mrs. Parini Surti, for being the best company and always listening to my mock presentations patiently and helping me with solutions. Thank you my 'forever roomies', for giving me the memories of life-time which will be forever etched in my memory.*

*I am thankful to my lab seniors Dr. Sandip Patil and Dr. Manikandan Kathirvel for their help during the research work. I thank Dr. Hashim Reza, Dr. Hiral Shah, Dr. Priya pillai and Mr. Divya, and for their*

*suggestions and help for my experiments. The time I have spent with Ms. Khyati and Mr. Akhil in GRC and our food parties during last tough months of my research work will always be memorable.*

*I would extend my thanks to my colleagues Dr. Jitendra Gosai, Ms. Siddhi vora, Dr. Vihang Thite, Dr. Mihir Sarang, Ms. Juliya, Ms. Jaswinder, Dr. Swati Madhu, Ms. Roshni, Ms. Hiral and other research scholars who helped me during my Ph.D. in a way or the other.*

*“When everything goes to hell, the people who stand by you without flinching - they are your family.” My heartfelt gratitude to my parents, my pillar of strength, for their infallible love, unwavering support and positive attitude that has always been my guiding light. I kept going in the most difficult time was only because they believed in me, they selflessly encouraged me to achieve my goal and encouraging me to explore new challenges in life that made me who I am. Thank you Mummy and papa, for your unconditional love, trust and prayers that always gives me strength. I owe this to them. Archit and Ami, thank you for always being there to cheer me up and making me feel alive with your humour. Your love and care supported me along the way, thank you.*

*I express my gratitude to Himanshu, my husband, my Sunshine, for being my pillar of strength and one who always encouraged and motivated me which is worth more than I can express on paper. Thank you for all your love, support, and care, and the way you handled me during the toughest part of Ph.D. when the way was foggy. I am forever grateful for having you by my side for the rest of my life. I extend my thanks to my in-laws for their love, understanding and prayers. I thank Pooja di for caring and loving me like an elder sister and encouraging me to follow my dreams.*

*It is impossible to extend enough thanks to my friends and family who stood by me and travelled the path along with me.*

*-Niralee Patel*
