

List of Tables

5.1	Relation between relative factors and degree of transformer winding deformation (only for reference)	100
6.1	Improvement in the parameters of transformer after drying out process. . .	108
6.2	Magnetic Balance Before and After short circuit test:	116
7.1	Capcitanace measurement	158
7.2	No load current (HV) of ICT1	158
7.3	No load current (IV)	159
