

# List of Tables

|     |  |     |
|-----|--|-----|
| 5.1 | Result of 2DOF controller parameter optimization using GA . . . . .                              | 51  |
| 5.2 | Non-dominated set of solutions obtained using NSGA-II optimization under IAE criterion. . . . .  | 63  |
| 5.3 | Non-dominated set of solutions obtained using NSGA-II optimization under ISE criterion. . . . .  | 64  |
| 5.4 | Non-dominated set of solutions obtained using NSGA-II optimization under ITAE criterion. . . . . | 65  |
| 5.5 | Result of 2DOF controller parameter optimization using NSGA-II. . . . .                          | 71  |
| 5.6 | Nondominated set of solutions obtained using NSGA-III optimization under IAE criterion. . . . .  | 73  |
| 5.7 | Nondominated set of solutions obtained using NSGA-III optimization under ISE criterion. . . . .  | 76  |
| 5.8 | Nondominated set of solutions obtained using NSGA-III optimization under ITAE criterion. . . . . | 79  |
| 5.9 | Result of 2DOF controller parameter optimization using NSGA-III. . . . .                         | 87  |
| 6.1 | Result of 2DOF controller parameter optimization using PSO. . . . .                              | 92  |
| 6.2 | Nondominated set of solutions obtained using MOPSO optimization under IAE criterion. . . . .     | 100 |
| 6.3 | Nondominated set of solutions obtained using MOSPO optimization under ISE criterion. . . . .     | 104 |
| 6.4 | Nondominated set of solutions obtained using MOPSO optimization under ITAE criterion. . . . .    | 105 |
| 6.5 | Result of 2DOF controller parameter optimization using MOPSO. . . . .                            | 114 |
| 7.1 | Pareto set of solutions using NSGA-II,NSGA-III, and MOPSO . . . . .                              | 119 |

|     |   |     |
|-----|---|-----|
| 7.2 | Rank of 2DOF controller parameters using TOPSIS for NSGA-II under IAE, ISE, and ITAE . . . . .        | 120 |
| 7.3 | Rank of 2DOF controller parameters using TOPSIS for NSGA-III under IAE, ISE, and ITAE . . . . .       | 122 |
| 7.4 | Rank of 2DOF controller parameters using TOPSIS for MOPSO under IAE, ISE, AND ITAE . . . . .          | 125 |
| 7.5 | Top 10 optimal solutions obtained using TOPSIS from NSGA-II, NSGA-III, and MOPSO under IAE . . . . .  | 130 |
| 7.6 | Top 10 optimal solutions obtained using TOPSIS from NSGA-II, NSGA-III, and MOPSO under ISE . . . . .  | 130 |
| 7.7 | Top 10 optimal solutions obtained using TOPSIS from NSGA-II, NSGA-III, and MOPSO under ITAE . . . . . | 131 |
| 7.8 | Parameters of 2DOF controller after applying TOPSIS from NSGA-II, NSGA-III, and MOPSO. . . . .        | 134 |
| 7.9 | Settling time of the system from the best rank solution under IAE, ISE, and ITAE. . . . .             | 135 |
