

List of Figures

3.1	Five main modules in the proposed unmetered power losses analysis framework	16
4.1	Proposed Framework Analysis for power losses	24
4.2	Customers' load profiles of monsoon	27
4.3	Customers' load profiles of summer	28
4.4	Customers' load profiles of winter	28
4.5	Processing new values based on data from main reading and check reading	30
6.1	Average kWh for customer 1 with upper limit and lower limit	49
