

Acknowledgements

I would like to convey my special appreciation and thanks to my thesis supervisor Professor Dr. S. S. Bhattacharya sir, you have been a great mentor for me. I would like to show gratitude for heartening my research and for allowing me to grow as a researcher. Your guidance on both research as well as on my career has been precious. In addition to direct technical assistance, he has also had a strong impact on my thinking, and I am beginning to understand that I am going to continue to appreciate the doctoral thesis experience more and more as the years go by. On the completion of this work, it is my proud opportunity to convey my deep sense of gratitude and indebtedness towards him for his expert direction, constant support, exciting discussions and constant back-up during over entire period of my association with him. I can only offer my most humble and philosophical gratitude to him for deep concern both for my academics and for my personal happiness.

I am extremely thankful to Prof. Arun Pratap, Dean, Faculty of Technology & Engineering, The M.S. University of Baroda, Vadodara, for giving his support. I would like to thank Dr. Satajeet Chaudhary, Head, Department of Textile Engineering, The M.S. University of Baroda, Vadodara, Dr. Tasnim Shaikh, Dr. M. V. Koranne for providing me the necessary facilities during my research work.

I express my sincere thanks to the staff of the Department of Textile Engineering, Faculty of Technology and Engineering, The M.S. University of Baroda, Vadodara, for their help during my work. I would especially like to thank Amrishbhai, Ileshbhai, Bhadreshbhai, Hemangbhai and Siddharthbhai for their constant support during sample preparation and testing. All of you have been there to support me in collecting data for my Ph.D. thesis.

I want to express my special thanks to Dr. Ashwin Thakkar sir, Head, Department of

Textile Technology, L. D. College of Engineering, Ahmedabad for their support, encouragement and motivations to complete the research work

I express my sincere thanks to Prof. V. N. Soni, Ex-Head of the Department, for his encouraging attitude, support and constant inspiration, which was really motivating to complete the research work and Principal sir, L D College of Engineering for their inspiring support in all my activities of research. I would like to express my sincere gratitude to The Commissioner, Technical education department, Gandhinagar, for permitting me to pursue a Ph.D. degree. Without their precious support, it would not be possible to conduct this research.

I am grateful to Mr. Abir Chakraborty, Senior VP Head TRADC, Kharach, Bharuch and Laxmi Rajdev, AGM TRADC, Kharach, Bharuch for extending all the facilities needed to carry out this work. I express my sincere gratitude to Mr. Prem Sankar Pande for his assistance in conducting trials and sample preparation at TRADC.

I gratefully acknowledge the help provided by Dr. S. K. Basu, Director MANTRA and Mr. Darshit Shah, Physical Testing Lab Incharge, Man-Made Textiles Research Association, Surat for providing technical support in this research. I want to express my sincere thanks to Mr. Pratik Makwana of M/s Prototype for their kind support in development Impedance tube & testing of acoustic samples.

I would also like to thank Dr. U. L. Makawana, Electrical Department, L. D. College of Engineering, Ahmedabad, Dr. S. S. Pathan, Mechanical Department, L. D. College of Engineering, Ahmedabad and Dr. N. P. Patel, lecturer English, Government Polytechnic, Kheda for supporting me in writing, stimulating discussions, programming and inspired me to strive towards my goal.

Special thanks to my research scholar friends Dr. Hiren Amin, Director, Indian Institute of Handloom Technology, Salem (Tamilnadu) and Vaishali Shah, Canada, for their continuous support and encouragement and keep the research atmosphere live through healthy debates and motivational talks. I also want to express my sincere thanks to my friend Jignesh Patel, Product Development Engineer, North Carolina, USA, for his timely support and guidance.

I thank my colleagues Sandip Patel, Samrat Zala, S. S. Parmar, J. A Patel, P. M. Parmar, Selin Joseph, Purvi Mistry, Hiren Jaiswal, Sanjay Parmar and Khusbu Ponda, who shared my research experiences and encouraged me to do the work. I take special pleasure in acknowledging all staff members of Textile Technology Department, L.D. College

of Engineering, Ahmedabad and R. C. Technical Institute, Ahmedabad for their timely support.

The completion of this research work would not have been possible without the encouragement, help and support of many individuals. It is my privilege to thank the people who have supported and guided me throughout this research work.

I want to express my sincere thanks to all those who directly or indirectly helped me at various stages of this work, as well as expressing my apology that I could not mention their name personally one by one.

A special thanks to my family. Words cannot put across how grateful I am to my mother and father for all of the sacrifices that you've made on my behalf. Your prayer for me was what sustained me thus far.

At the end, I would like to express appreciation to my beloved wife Sonal, my sons Aditya and Rajdeep who spent sleepless nights with me and was always at my support in the moments when there was no one to answer my queries.

Above all, I express my indebtedness to the “**ALMIGHTY**” for all his blessing and kindness.

Dharmendra V Bihola
