

ACKNOWLEDGEMENT

“My doctrine is not a doctrine but just a vision.

I have not given you any set rules; I have not given you a system.”

Gautam Buddha, 563-483 B.C.

Any good work can be done successfully by sheer hard work and self belief. This self belief comes from this faith that there must be a divine force that always controls our deeds and gives the best opportunities possible, he is the God. I will always grateful to him for his blessing throughout my life and for providing me enough power and courage to overcome all the obstacles in my life.

I feel honored to express my deep sense of respect for my mentor Dr. (Mrs.) Krutika K. Sawant, Professor of Pharmaceutics and Co-ordinator, G. H. Patel Pharmacy Building, for her invaluable guidance, constant encouragement, timely suggestions, precise discussion & constructive criticism extended to me during every stage of research. Above all and the most needed, she provided me unflinching encouragement and support in various ways. I sincerely thank her for devoting enormous efforts to help me in every stage of my research activities.

I am grateful to Prof. (Dr.) M.R.Yadav, Head Pharmacy Department and Prof. A. N. Misra, Dean, Faculty of Technology and Engineering, The Maharaja Sayajirao University of Baroda for providing me with necessary laboratory facilities. I also express my sincere thanks to Prof. (Mrs.) S. J. Rajput, Prof. (Mrs.) Rajani Giridhar, Dr. Rajashree Mashru, Dr. Hetal Thakkar, Mrs. Hemal Tandel, Dr. P. Nagar, Mr. S.P. Rathod for their valuable suggestions and help whenever sought for.

I am pleased to acknowledge the financial support for my project work (File No. 35/5/10/NAN-BMS) that has enabled me to proceed with research from Indian Council of Medical Research (ICMR), New Delhi.

My thanks are due to Chemistry Department, The M. S. University of Baroda for NMR studies; All India Institute of Medical Sciences for carrying out the TEM studies; Bombay Textile Research Association for carrying out the GPC analysis and NCCS, Pune for providing the cell lines. I would also like to thank my friends from chemistry

department Mrs. Rinky singh, Ekta Madam, and Kushan for their help in interpretation of NMR spectra.

I am sincerely thankful to Dr. R.V. Devkar, Zoology Department, for all those timely help, guidance and inspiration he provided throughout the course of in vitro cell line studies, whenever I need. I specially thankful to Raviraj Sinh Jadeja, Meneka C Thounaojam, Deepak K Patel and Swati N Desai, Jaymesh Thaddani, Tejal Gajaria and Sharmita Jana, my friends and fellow researchers from Zoology Department for providing me with generous help and encouragements during the course of study.

I wish to express my heartiest thanks to Hardik Gandhi and Jinal Trivedi for their help, provided during in vivo experiments. I wholeheartedly thank them for their tireless efforts.

I take this opportunity to express my thanks to non-teaching staff members at G. H. Patel pharmacy Building and Kalabhavan for their kind cooperation. I specially want to Thank Mrs. Heena Verma for her constant help during all this time.

It take great pleasure to thank my seniors and colleagues Manjappa, Deepa, Nirav, Mohan, Aditi, Imran, Rahul, Deepesh, Krishna, Reshma, Diti, Prachi, Riyaz, Amit sir and all others whose name I might be missing, for their help and support.

I would like to avail this rare opportunity to articulate my genuine appreciation to my most treasured friends Arpita Patel, Deepa Patel, Mamta Vyas, Dhruti Nanavati, Deepti Gokhale and Nishtha Sahu. I thank you all for encouraging and giving me the moral support that I needed the most.

Last but not the least; I would like to thank my family members. Words cannot express how grateful I am to my mother Dr. Lakshmi Kapadia, my mother- in- law Mrs. Saroj Jain and my father- in- law Mr. Roshanlal Jain, for all the sacrifices they have made on my behalf. Your prayer for me was what sustained me this far.

I would also like to thank my brother Ankit Kapadia and all the members of my extended family-Mr. Surendra Jain, Mrs. Gunjan Jain, Mr. Vineesh Jain and Mrs. Vinita Jain who supported me and incited me to strive towards my goal. Last, but never least, I would like to express appreciation to my extremely supporting and beloved husband Dr. Mahendra Jain for being my support and pillar of strength in all my ventures.

Each of the following individuals has provided me with support, advice, and encouragement throughout the process of developing this thesis. It is with sincere gratitude and appreciation that I thank you all for everything you have done to assist me in the most ambitious endeavor of my career thus far.

My sincere and heartfelt thanks to all of them, who might have contributed somehow in my life but I failed to recognize them. I honestly express regret, but know that my thanks goes out to you as well.

Rakhee Kapadia
