

## ACKNOWLEDGEMENT

*“Let us rise up and be thankful, for if we didn't learn a lot today, at least we learned a little, and if we didn't learn a little, at least we didn't get sick, and if we got sick, at least we didn't die; so, let us all be thankful.”*

*There are occasions in life when language seems to be crippled in expressing our emotions and feelings and I am going through same feeling while writing this acknowledgement of mine. This thesis is the result of four years of work whereby I have been accompanied and supported by many people. It is a pleasant aspect that I have now the opportunity to express my gratitude for all of them.*

*I take this opportunity to express my profound gratitude and deep regards to my guide **Prof. (Mrs.) Rajani Giridhar** for her exemplary guidance, monitoring and constant encouragement throughout the course of this thesis. The blessing, help and guidance given by her time to time shall carry me a long way in the journey of life on which I am about to embark.*

*It is my privilege to express my heartiest gratitude to my venerable mentor **Prof. M. R. Yadav**, Head Pharmacy Department, The M. S. One cannot forget the strength and support that one gets from their family. I find myself with limitation of words to express my deep sense of gratitude to my **Grandfather**. It was the love and indispensable support of my **Parents**, who provided me with the best possible of everything in my intellectual pursuits. I wish to record my profound gratitude to my **Mother-in-law** for her unconditional support. I acknowledge and admire the love, confidence and moral support bestowed on me by younger members in my family **Anuj, Neeta, Anisha** and **Kunal**, without whose affection, the present effort would have remained an unrealized dream.
