

ACKNOWLEDGEMENT

It is with the deepest feelings of gratitude that I acknowledge my indebtedness towards those of my friends whose occasional guidance has enabled me to complete the task that I had undertaken some three years ago. I cannot underestimate the valuable suggestions that I have been receiving from time to time from my venerable guide Prof. T.K.N. Menon whose encouragement during my visit to Baroda University has been the source of inspiration for me to embark on a task never undertaken before by anybody in Jammu & Kashmir State. I express my thankfulness also towards Dr. (Mrs.) P. Phatak who rendered me great help in completing my thesis after Prof. Menon's departure for Central Government Services. I retain sincerest feelings of gratitude towards Dr. S.N. Mukerjee, Dean of the Faculty of Education and Psychology, M.S. University of Baroda, for granting me free access to the Library and providing me many other facilities.

I value the sympathetic co-operation extended to me by the language experts, experienced persons in the field of education, the heads of the various institutions and the fellow teachers to carry out the programme of giving tests to the pupils.

I also cannot but appreciate the co-operation I received from the children of various schools of Kashmir where I administered my tests.
