

Acknowledgments

My sincere gratitude to my guide and Head, Dept. of Botany, Dr. G. Prathapasenan for encouraging me to take up this work.

It has been a privilege to work with Dr. K.S. Rao. His generous gesture in providing laboratory facilities, valuable guidance and suggestions had been a great source of confidence and inspiration.

I extend grateful thanks to Dr. G.M. Oza for always encouraging me in my endeavours. His keen interest in the progress of my work enabled me to and aim for perfection.

I owe a lot to my teachers Dr. Shankar Bhat, Dr. Ramalingum and Dr. T.C.S. Murthy for their inspiration and keeping me active and creative through their interest in the subject at Manasagangotri, Mysore. The help and guidance rendered by the Dr. (Mrs.) Leela Rao, my senior colleague at St. Agnes College, Mangalore is appreciated always.

I thank the IPCL management for providing me the facilities for SEM and EDX analysis. The help rendered by Dr. S.G.T. Bhat and Dr. K.V. Rao is kindly acknowledged. The good wishes and hospitality of Mr. Kamalesh Jariwala and Mr. P.R. Prabhu made me feel at home and work with ease.

The All India Institute of Medical Sciences (AIIMS), New Delhi was visited for TEM work. My special thanks to Mr. Sanjay and Mr. Pathan.

My sincere thanks to my husband Dr. J.R. Kamath and Mrs. Minal Puranik of National Informatics Centre for allowing me to use Indian Medlars system at IMA, Baroda.

I appreciate the timely help of Mrs. Sangeeta Pandya, Mrs. Tara Menon and Mr. Vivek Yellore of Microbiology Dept, The M.S. University of Baroda.

Constant support and help from my labmates Kishore, Babu and Rekha is invaluable. I am thankful to them.

I overwhelmingly appreciate the moral support extended by Vinod, Maya, Vivek, Allu, Viju, Santhosh, Neeta and my grandmother in the initial years of my work.

Thanks are also due to my friends Anu, Nagesh, Tvisha, Susy, Remakanthan, Pushpa, Megha, Manju and Subhi for their help whenever I needed.

I also wish to express my thanks to Mr. Titus and family for their neat computer work.

I seek blessings from my parents in law and thank them for their invaluable support.

I appreciate the loving patience and tolerance of my daughter, Nidhi. I am sorry that I could not give her much attention during the last phase of my work.

I am indebted to my mother Smt. Meera. R. Prabhu and father Shri. K.R. Prabhu for providing me an education and vision to achieve such a goal.

I dedicate this thesis work to my late father.
