QUESTIONNAIRE - NEEDS AND INTERESTS

APPENDIX - B

(Questionnaire to measure the pupils' needs and requirements so as to develop a curriculum of Family Life Education)

Dear Students,

This questionnaire includes topics like understanding one's biological and psychological self, Human reproduction, Human Sexuality, Venereal diseases, masturbation, Homosexuality, marriage and Family, Boy and girl relationships and so on. The purpose of this questionnaire is to discover your present interests, concerns and feelings over these topics, so that a Family Life Education programme can be developed which will be really useful to students of your age.

This is not a test. There are no "right" or "wrong" answers. It is more like a businessman's inventory or stock-taking to find out what one has and what one needs.

All answers will be kept confidential. The more complete and truthful your answers are, however, the most useful they will be for the development of a good programme. Do not miss any question. Try to answer all questions. Please answer them as honestly as you can.

Directions

1. At the top of the answer sheet, please write your name. Do not forget to write your name.
2. The questionnaire consists of a series of statements. Each statements having 3 alternatives. For eg.  
I like seeing movies.

Mark the one which you feel like. YES, NO, INDEFINITE  
For example, if you like seeing movies, tick the alternative 'YES'. If you don't like seeing movies, tick the alternative 'NO' and if you are not very sure of whether you like or dislike seeing movies, tick the alternative 'indefinite'.

You may proceed now.....

	<u>YES</u>	<u>NO</u>	<u>Indefinite</u>
