

A C K N O W L E D G E M E N T

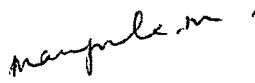

I am obliged to Dr(Mrs).NEELA SHELAT, Reader of Education, CASE, M.S. University, Baroda, who was my Guide in conduct of this research endeavour.

I wish to thank Principal, Mr. Nagaraj and the teaching staff of I.P.C.L. School, Baroda, who had been very co-operative and encouraging during experimentation and the facilities they provided. It has been a wonderful experience with the students who were quite enthusiastic and co-operative throughout.

Special recognition and appreciation goes to my sister Mrs. PRAMILA, who worked very hard in typing out this work. Her help at the most needed moment is ever unforgettable.

Lastly, I thank my other family members and my friends for their care and immense support rendered throughout.

Baroda,
1985
