

## LIST OF TABLES

Table		Page
1	Base Materials Used for the Cooking Utensils Based on Survey Findings. ...	61
2.	Distribution of the Households by their Caste and Religion. ...	67
2.	Distribution of the Households by selected Socio-economic Characteristics..	69
4.	Distribution of the Homemakers by their Age, Educational Status and Employment Status. ...	72
5.	Distribution of the Employed Homemakers by their Occupation(Voluntary and/or paid) and the Hours of Work. ...	73
6.	Distribution of the Households by their Housing Conditions and Amenities...	76
7.	Meal Pattern of the Households According to its Type and Frequency of preparation. ...	84
8.	Distribution of the Households by the Complexity of their Meals and Frequency of Preparation. ...	85
9.	Distribution of the Households by the Frequency of Performance of Household Tasks. ...	91
10.	Distribution of the Households by the Time Reported for Performing Household Work. ...	95
11.	Average Hours of Household Work related to Specific Background Variables of the Households. ...	97
12.	Time Spent in Various Household Tasks ...	104

## LIST OF TABLES (Cont'd)

Table		Page
13.	Average Time Reported for Preparing Each Type of Meal. ...	105
14.	Distribution of the Households by Frequency of Cooking and the Reported Time-Use in Food Preparation. ...	107
15.	Distribution of the Households by the Type of Menu and the Time Reported for Food Preparation. ...	109
16.	Mean Time Taken for Food Preparation by Selected Socioeconomic Variables of the Households. ...	110
17.	Average Time Reported for Fetching Water as Related to Specific Variables...	114
18.	Relationship between the Area and Type of House and the Time Spent in Care of House. ...	119
19.	Average Time Reported for Physical Care of Family Members as Related to Selected Background Variables of the Households. ...	123
20.	Frequency of Performance of Household Tasks. ...	133
21.	Average Time Spent in Different Household Tasks. ...	139
22.	Percentage of Household Work Hours Spent in Different Household Tasks. ...	140
23.	Average Time Spent in Household Work as Related to Specific Variables <sup>†</sup> ...	145
24.	Average Time-use of Households in Food Preparation as Related to specific Variables. ...	147 (a)

## LIST OF TABLES (Cont'd)

Table		Page
25.	Time Taken by the Households in the Preparation of the Different Types of Meals. ....	148
26.	Average Time-use of Households on Meal Preparation Based on Selected Situational Factors. ....	151
27.	Average Time-use of Households in Fetching Water for Domestic Use. ....	155
28.	Time-use of Households in care of Utensils as Related to Specific Variables. ....	157
29.	Average Time Spent in Care of House as Related to Specific Variables. ....	161
30.	Average Time Taken by the Households on care of Family as Related to Selected Variables. ....	164
31.	Average Time-use of Households on Care of Clothing as Related to Selected Variables. ....	166
32.	Average Time-use of Households on Shopping Related to Caste. ....	168
33.	Average Time-use of Households on Collection of Firewood Related to Family Occupation. ....	169
34.	Time Taken for Preparing Type I Meal Based on Four Observations for Each Item. ....	174
35.	Time Taken for Preparing Type II Meal Based on Four Observations for Each Item. ....	178
36.	Time Taken for Preparing a Type III Meal Based on Four Observations. ....	181

## LIST OF TABLES (Cont'd)

Table		Page
37.	Time Taken for Preparing a Type IV Meal Based on Four Observations. ...	183
38.	Comparison of the Time Norms of Household Work Established by Technique I and II. ...	187
39.	Mean Time Spent on Daily Tasks (Technique II) ...	195
40.	Population Mean Intervals at 99 Percent Confidence Level for Time-use in Household Work as well as the Tasks. ...	201
41.	Comparison of the Time-use Data Gathered by Techniques I, II and III on Preparation of the Typical Meals. ...	202
