

## LIST OF TABLES

Table	Title	Page
1.1	National Water Resources at a Glance	4
1.2	Water Availability - Basin wise	6
1.3	Details of Surface Water Resources of Gujarat	9
1.4	Details of Ground Water Resources of Gujarat	10
3.1	Probability of Occurrence of Rainfall for Kutch District	32
3.2	Criteria for analysis in CAZRI report	32
3.3	Criteria for Analysis of Rainfall	33
3.4	Rainfall Analysis for Kutch District	33
3.5	Probability of Occurrence of Rainfall For Anjar Taluka	35
3.6	Distribution of Rainfall for Anjar Taluka	36
3.7	Annual Rainfall in mm for 1989 to 2007	51
3.8	Legends for Monthly Rainfall Values in mm	51
3.9	Summary of Analysis for Annual Rainfall (mm) for study period of 1878 to 2007	53
3.10	Results of Rainfall (mm) Distribution Analysis for 1878 to 2007	54
3.11	Summary of Analysis for Annual Rainfall (mm) for study period of 1989 to 2007	54
3.12	Summary of Analysis for Monthly Rainfall (mm) for study period of 1989 to 2007	55
4.1	Landuse Pattern for Study Area.	62
4.2	Average Annual Runoff in mm	63

Table	Title	Page
4.3	Legends for Monthly Runoff in mm	66
4.4	Average Monthly Runoff in mm	68
4.5	Results of Annual Runoff (mm) Analysis	71
4.6	Results of Monthly Runoff (mm) Analysis	72
5.1	Geological Sequence for Kutch	73
5.2	Types of Soils	75
5.3	Details of Open wells for Anjar Taluka	77
5.4	Details of Open wells for Bhachau Taluka	78
5.5	Details of Open wells for Bhuj Taluka	78
5.6	Details of Open wells for Lakhpat Taluka	78
5.7	Details of Open wells for Mandvi Taluka	79
5.8	Details of Open wells for Mundra Taluka	79
5.9	Details of Open wells for Nakhatrana Taluka	80
5.10	Details of Open wells for Naliya Taluka	80
5.11	Details of Open wells for Rapar Taluka	81
5.12	Details of Tubewells & Piezometers for Anjar taluka	82
5.13	Details of Tubewells & Piezometers for Bhachau taluka	82
5.14	Details of Tubewells & Piezometers for Bhuj taluka	83
5.15	Details of Tubewells & Piezometers for Lakhpat taluka	83
5.16	Details of Tubewells & Piezometers for Mandvi taluka	83

Table	Title	Page
5.17	Details of Tubewells & Piezometers for Mundra taluka	84
5.18	Details of Tubewells & Piezometers for Nakhatrana taluka	84
5.19	Details of Tubewells & Piezometers for Naliya taluka	84
5.20	Details of Tubewells & Piezometers for Rapar taluka	85
5.21	Legends for Groundwater Levels in m	85
5.22	Average Pre-Monsoon Water Levels for All Talukas	89
5.23	Average Post-Monsoon Water Levels for All Talukas	89
5.24	Specific Yield for all the talukas	90
5.25	Distribution Of Areas For Various Formations For All Talukas	90
5.26	Number of Wells for All Talukas	91
5.27	Derived values for Groundwater Draft in mm	92
5.28	Groundwater Recharge Depth in mm due to Rainfall	93
5.29	Groundwater Recharge Depth in mm due to Surface Storage Structures	94
5.30	Total Groundwater Recharge Depth in mm	95
5.31	Results for Draft Values (mm) for 1989 to 2007	96
5.32	Results for Annual Groundwater Recharge Values (mm) for 1989 to 2007	96
6.1	Results for Annual Rainfall – Runoff Relations	111
6.2	Results for Monthly Rainfall – Runoff Relations	112
6.3	Results for Annual Rainfall – Groundwater Recharge Relations	112
7.1	Results of Analysis for Annual Rainfall (mm) for 1878 to 2007	113

Table	Title	Page
7.2	Results of Rainfall (mm) Distribution Analysis for 1878 to 2007	114
7.3	Probability of Occurrence (%) of Rainfall for All Talukas & Kutch District	114
7.4	Results of Analysis for Annual Rainfall (mm) for 1989 to 2007	115
7.5	Results of Analysis for Monthly Rainfall (mm) for 1989 to 2007	116
7.6	Results of Annual Runoff (mm) Analysis	117
7.7	Results of Monthly Runoff (mm) Analysis	117
7.8	Results for analysis of Draft Pattern (mm)	118
7.9	Results for Annual Groundwater Recharge Values (mm) for 1989 to 2007	119
7.10	Results for Annual Rainfall – Runoff Relations	119
7.11	Results for Monthly Rainfall – Runoff Relations	120
7.12	Results for Annual Rainfall – Groundwater Recharge Relations
