Dear Madam,

I, the undersigned am working towards my Ph.D. work in Education, at the Faculty of Education and Psychology, M.S. University, Baroda. The discipline of Home Science is new and has developed in the last about forty years at the university and college level, no upto date, reliable and complete information is available for its growth and present status. The study, "Development of Home Science Degree Programmes in India" is therefore taken up to trace the development and find out the present status of Home Science at the higher level of education. Before starting data collection it is important to prepare a list of Home Science institutions imparting education in Home Science leading to B.Sc. degree. I, therefore, request you to please respond to the attached reply paid inland and return the same within a day or two.

An early reply will be highly appreciated.

Thanking you,

Yours ....
