Certificate from the Thesis Supervisor

This is to certify that the thesis entitled “**Differentiating normal, cancer and benign human breast and cervical tissues fluorescence spectra through wavelet transform and singular value decomposition**” is a piece of work done by **Ms. Anita. H. Gharekhan**, under my guidance and supervision for the degree of **Doctor of Philosophy** of the **Maharaja Sayajirao University of Baroda, India** and the candidate has put in an attendance of more than two years with me.

To the best of my knowledge and belief the Thesis

1. embodies the work of the candidate herself,
2. has duly been completed,
3. fulfills the requirement of the ordinance relating to PhD degree of the university
4. and is up to the standard both in respect to the content and language for being referred to examiner.
