	Farmer's Survey	
1	Questionnaire surveyed	68
1.1	Respondent's distribution (Age, Sex and Qualifications)	71
1.2	Type and combination of fertilizer and irrigation used	74
1.3a	Awareness on WTO and IPR among farmers of Gujarat	76
1.3b	Awareness on PVP, PBR and Interest for cultivation of medicinal plants among farmers of Gujarat	79
1.3c	Relation between qualification and awareness on modern developments in Agriculture	81
1.4	Marketing produce and practice	84
1.5	Reasons for not cultivating Medicinal Plants	87
	<i>Bacopa monnieri</i>	
2.1	Initiation, multiplication, elongation (nodal)	168
2.2	Comparison with solid and liquid medium	170
2.3	Initiation, multiplication (internode)	172
2.4	Initiation, multiplication (Leaf)	175
2.5	Subculture and rooting	178
2.6	Hardening	180
	<i>Centella asiatica</i>	
3.1	Initiation and multiplication	196

3.2	Elongation, subculture and rooting	200
3.3	Hardening	202
3.4	Comparison with in vitro and natural plant	204
	<i>Withania somnifera</i>	
4.1	Initiation and multiplication (nodal)	222
4.2	Elongation and subcultures (nodal)	224
4.3	Initiation, multiplication, rooting and hardening (callus)	227
4.4	Rooting	230
4.5	Hardening and TLC	232
	<i>Aloe vera</i>	
5.1	Browning problems	250
5.2	Initiation, multiplication, elongation and rooting	253
5.3	Subculture, hardening and TLC	256
	<i>Plumbago zeylanica</i>	
6.1	Initiation, multiplication	271
6.2	Elongation and subculture	274
6.3	Rooting and hardening	276
