

LIST OF PLATES

1.	View of Kosi valley, south of Nirai gad, looking upstream	16
2.	View of Kosi valley, north of Paroliya, looking upstream	17
3.	Downstream view of entrenched meander near the confluence of Jainai gad (south of Paroliya)	52
4.	Upstream view of Kosi valley, cutting the Almora crystallines	54
5.	A view of Kosi entrenchment near Hawalbag, looking downstream	55
6.	Upstream view of the wide channel in the Siwalik zone, north of Garjia.	56
7.	Upstream view of the narrow Kosi channel near Garjia.	57
8.	Upstream view of the Kosi valley near the confluence of Sual river.	59
9.	View of subdued topography and dendritic drainage in the Dhaula gad valley	60
10.	Kosi valley west of Almora	61
11.	Alluvial terrace material near Kosi Bazar	129
12.	Upstream view of Kosi valley near Hawalbag	131
13.	Upstream view of Kuch gad valley near Syalikheth - north of its confluence with Kosi.	133
14.	Downstream view of Kuch gad valley near Bamsyn.	134
15.	Terraces near the Kuch gad - Kosi confluence	136
16.	Six terrace levels on a spur, in the NS segment between the confluences of Khairna nala and Kuch gad with Kosi.	137

17.	Alluvial terrace material near Khairna	138
18.	Upstream view of the Khairna channel, near Khairna	140
19.	Kosi right bank material, near Ramnagar	144
20.	Likely effects of glaciation on the left bank of Kosi, south-east of Rataura.	146
21.	Effects of polycyclic changes on the left bank topography of Kosi near Rataura	147
22.	Upstream view of the NS Kosi bed near Khairna	157
23.	ERTS photo - Kumaon Himalaya and Gangetic plain - showing forestation	166
24.	ERTS photo - Kumaon Himalaya and Gangetic plain - Regional geologic set-up	167
25.	ERTS photo - Kumaon Himalaya and Gangetic plain - without vegetation	169
26.	Kosi drainage basin - uncontrolled aerial photomosaic	175
27.	Kosi drainage basin - uncontrolled aerial photo mosaic - Geology	176
28.	Kosi drainage - downstream from Basela uncontrolled aerial photomosaic	180
29.	Kosi drainage - downstream from Basela uncontrolled aerial photomosaic - Morpho- genetic units	181
30.	Stereoscopic pair - Zone of Nagthat-Deoban metasediments	184
31.	Stereoscopic pair - Zone of Almora Crystallines	185
32.	Stereoscopic pair - Zone of Krol-Nagthat metasediments	186
33.	Stereoscopic pair - Siwalik sediments	187

34.	Stereoscopic pair - River terraces Krol zone	188
35.	Stereoscopic pair - River terraces Krol and Siwalik zone	189
36.	Stereoscopic pair - River terraces Siwalik zone.	190
