	ACKNOWLEDGEMENTS	iv
CHAPTER	1 INTRODUCTION	1-16
	1.1 Rationale	2
	1.2 Main Theme	4
	1.3 Objectives	7
	1.4 Methodology	7
	1.5 Chapter Outline	14
	1.6 References	16
CHAPTER	2 THE THEORETICAL BACKGROUND	17-41
	2.1 Production Function Approach	18
	2.2 Cost Function Approach	21
	2.3 Profit Function Approach	33
	2.4 References	40
CHAPTER	3 LITERATURE SURVEY	42-62
	3.1 Cost Function Studies	42
	3.2 Profit Function Studies	53
	3.3 Studies on Indian Banking Industry	58
	3.4 References	61
CHAPTER	4 RESEARCH METHODOLOGY	63-90
	4.1 Cost Function	63-73
	The Model	63
	Functional Forms	68
	Output Elasticity of Cost	72
	Economies of Scale	73
	4.2 Profit Function	73-87
	The Models	74
	Conventional Model	
	Risk Adjusted Model	
	Equity Adjusted Model	
	Risk and Equity Adjusted Model	
	Functional Forms	79
	Economies of Scale	82
	4.3 Conceptualisation of Variables	83
	4.4 Data Sources	86
	5.5 References	90

CHAPTER	5	ECONOMETRIC RESULTS OF COST FUNCTIONS TIME-SERIES ANALYSIS	91-114
	5.1	Total Cost Equations Banking Industry SBI Group Nationalised Bank Group Indian Private Sector Bank Group	93-99 93 94 96 97
	5.2	Labour Cost Equations Banking Industry and Bank Groups	99-103
	5.3	Conclusions	103
	5.4	Economies of Scale Results and Policy Implications	104-112
	5.5	Overall Findings	113
CHAPTER	6	ECONOMETRIC RESULTS OF COST FUNCTIONS CROSS-SECTION ANALYSIS	115-126
	6.1	Cost Equations	116-119
	6.2	Elasticity Results Banks having Economies of Scale Banks having Diseconomies of Scale Banks Operating at the optimum	119-126 121 123 125
	6.3	Overall Findings	126
CHAPTER	7	ECONOMETRIC RESULTS OF PROFIT FUNCTIONS	127-134
	7.1	Regression Results	129
	7.2	Elasticity Results	132
	7.3	Overall Findings	134
CHAPTER	8	CONCLUSIONS AND SUGGESTIONS	135-146
	8.1	Summary of Findings	136
	8.2	Main Recommendations	142
	8.3	Areas for Future Research	146
		APPENDIX I to VII	147-195
		BIBLIOGRAPHY	196-199
