SKILL EVALUATION PROFORMA

Name of the B.Ed. student _____ Roll No. _____

Name of the Supervisor _____

Date of the lesson given _____

Date when this proforma was filled _____ Teach / Reteach

Instructions

This proforma is meant for ascertaining the extent to which you have acquired the skill in teaching of reinforcement. Read the following carefully.

1. You have been provided with a Seven-Point Scale.
2. Indicate the extent of your acquisition of the skill by crossing (X) the appropriate number you deem fit. For example, a microteacher while trying to reward a correct answer in using reinforcement, has indicated the extent by crossing (5) . This means the microteacher was fairly successful in his attempt. If another microteacher crossed (2), it means his efforts in rewarding were almost negligible.
3. Complete the proforma and hand it over to your supervisor.

F. REINFORCEMENT		Not at all						Very much
