

APPENDIX V

Copy of the Government Order on division of Standards and Teacher Pupil Ratio in Elementary Schools in Tamil Nadu.

GOVERNMENT OF TAMIL NADU

Education and Public Health Department (EDUCATION)

G.O.MS.NO.250 29th February 1964

EDUCATION - Elementary - Teacher - Pupil ratio - Further revision - Ordered.

READ - the following papers :

G.O.No. 1974 Education, dated 4th September 1963

G.O.No. 2150 Education, dated 10th October 1967.

ORDER : No.250 Education dated 29th February 1964.

In supersession of the orders issued in the matter, the Government pass the following orders in regard to the teacher pupil ratio in all primary and upper primary schools including basic schools under the managements throughout the State :

Primary Schools including Schools - Standard I to V

(1) Single-Teacher Schools : The minimum average attendance for the continuance of any primary or basic school shall be 20. No grant shall be calculated in a month of any teacher in a school if the average total attendance for the month is less than 20 pupils. A second teacher will be allowed where the overall average attendance of the school is 30 and above. For the third and subsequent teacher, the schools should have the normal teacher pupil ratio meant for other schools.

(2) Combination of standards in schools other than single teacher schools:

In the case of Schools other than single teacher schools in which two or more standards have to be combined, the number of teachers admissible will be fixed follows :

Two Teachers if the average attendance of the combined standards is 30 and above

Three Teacher if the average attendance of the combined Standards exceeds 55

Four Teachers if the average attendance of the combined standards exceeds 75

Five Teachers if the average attendance of the combined standards exceeds 95

(3) Division of Standards :

A standard may be divided into section as below:

One section if the average attendance of the standard is upto 35.

Two sections if the average attendance of the standard is between 36 and 70

Three section if the average attendance of the standard is between 71 and 105

Four sections if the average attendance of the standard is between 106 and 140

Five section if the average attendance of the standard is between 141 and 175 and so on in slabs of 35

(4) Standard which have been divided into two or more sections will be created as seperate units and the number of teachers admissible for such standards will be determined with referenced ot (3) above. Standards which above not been divided into two or more sections will be combined and the number of teachers admissible will be determined with reference to (2) above.
