

List of Tables

<u>Table No.</u>		<u>Page No.</u>
1	Composition of the stock diet.	36
2	Composition of low and high protein diets.	37
3	Composition of the vitamin mixture.	38
4	Composition of the salt mixture	39
5	Assay system and procedure for GDH and GAD.	46
6	Effects of a low protein diet on reproductive performance.	49
7	Effects of maternal protein deficiency during gestation on prenatal development.	51
8	Effects of neonatal undernutrition on brain weight and brain enzymes.	54
9	Effects of neonatal undernutrition on body weight, brain weight and brain enzymes at different ages in strain A.	55
10	Effects of neonatal undernutrition on body weight, brain weight and brain enzymes at different ages in strain B.	57
11	Percentage increments in control and undernourished animals of strains A and B during different ages.	58
12	Effects of different degrees of under- nutrition on body weight at different ages.	61

<u>Table No.</u>		<u>Page No.</u>
13	Effects of different degrees of nutritional deficiency at 7 days of age.	63
14	Effects of different degrees of nutritional deficiency from birth to 14 and 21 days of age.	65
15	Effects of undernutrition in relation to age and severity.	67
16	Effects of undernutrition confined to different ages on body weight and brain weight and brain protein.	70
17	Effects of undernutrition confined to different ages on brain enzymes at 21 days of age.	71
18	Effects of postweaning deficiencies and subsequent rehabilitation in relation to plane of nutrition during neonatal period on brain enzymes.	75
19	Percentage increments in body and brain weight in different groups.	77
20	Findings on the effects of neonatal under-nutrition in different brain regions of rat.	79

<u>Table No.</u>		<u>Page No.</u>
21	Effects of neonatal undernutrition on the growth, protein and enzymes of different brain regions at 14 days of age.	81
22	Effects of neonatal undernutrition on the growth, protein and enzymes of different brain regions at 21 days of age.	82
23	Values for undernourished animals as % of control values.	83
